DISCLOSURE OF INTERESTS

Notes for Your Guidance

IMPACT OF A FINANCIAL INTEREST (s. 5.65. & s. 67. Local Government Act 1995)

A member who has a **Financial Interest** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest:

- a. In a written notice given to the Chief Executive Officer before the Meeting or;
- b. At the Meeting immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- a. Preside at the part of the Meeting relating to the matter or;
- b. Participate in, or be present during, any discussion or decision making procedure relative to the matter, unless and to the extent that, the disclosing member is allowed to do so under *Section 5.68* or *Section 5.69* of the *Local Government Act 1995*.

INTERESTS AFFECTING FINANCIAL INTEREST

The following notes are a basic guide for Councillors when they are considering whether they have a **Financial Interest in a matter**.

1. A Financial Interest, pursuant to s. 5.60A or 5.61 of the *Local Government Act 1995*, requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measured in money terms. There are expectations in the *Local Government Act 1995* but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e sporting, social, religious etc, and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e, if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors and ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. If in doubt declare.
5. As stated if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **must** be given when the matter arises in the Agenda, and immediately before the matter is discussed. Under s. 5.65 of the *Local Government Act 1995* failure to notify carries a penalty of \$10 000 or imprisonment for 2 years.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
 - 6.1 Where the Councillor discloses the **extent** of the interest, and Council carries a motion under s.5.68(1)(b)(ii) of the *Local Government Act 1995*; or
 - 6.2 Where the Minister allows the Councillor to participate under s.5.69(3) of the *Local Government Act 1995*, with or without conditions.

INTERESTS AFFECTING PROXIMITY (s. 5.60b Local Government Act 1995)

1. For the purposes of this subdivision, a person has a proximity interest, pursuant to s.5.60B of the Local Government Act 1995, in a matter if the matter concerns;
 - a. a proposed change to a planning scheme affecting land that adjoins the person's land; or
 - b. a proposed change to the zoning or use of land that adjoins the person's land; or
 - c. a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.
2. In this section, land (the proposal land) adjoins a person's land if;
 - a. The proposal land, not being a thoroughfare, has a common boundary with the person's land; or
 - b. The proposal land, or any part of it, is directly across a thoroughfare from, the person's land; or
 - c. The proposal land is that part of a thoroughfare that has a common boundary with the person's land.
3. In this section a reference to a person's land is a reference to any land owned by the person or in which the person has any estate or interest.

INTERESTS AFFECTING IMPARTIALITY

Definition: An interest, pursuant to Regulation 11 of the Local Government (Rules of Conduct) Regulations 2007, that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'.

A member who has an **Interest Affecting Impartiality** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- a. In a written notice given to the Chief Executive Officers before the Meeting or;
- b. At the Meeting, immediately before the matter is discussed

IMPACT OF AN IMPARTIALITY DISCLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote.

With the declaration of this type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

Executive Summary

For Council to consider the waiving of all fees and costs, as listed in letter of request, associated with the running of the 2024 Esperance Show at the Greater Sports Ground.

Recommendation in Brief

That Council;

1. Agree to support the Esperance and Districts Agricultural Society, by waiving hire fees for the Greater Sports Ground, Indoor Sports Stadium (if available), Graham MacKenzie Stadium and Noel White Centre, as well as associated costs including rubbish disposal, traffic management and grounds maintenance, as outlined within their request, in exchange for a Platinum level sponsorship.
2. Request the CEO to respond to the Esperance and District Agricultural Society advising cleaning does not form part of this arrangement and is to be organised by the Esperance and Districts Agricultural Society.

Background

In previous years, the Esperance and Districts Agricultural Society (EDAS) have requested support for the waiver of fees associated with the hiring of the venue, including the Indoor Sports Stadium, Graham MacKenzie Stadium, Noel White Centre and all other areas within the Greater Sports Ground. Additionally, assistance with the costs associated with rubbish collection and disposal has also been sought.

In 2023, Council agreed to waive \$8,950 worth of fees in exchange for a Diamond Sponsorship Package, valued at \$7,000, which included free display space, a number of Show passes, the Shire logo included in advertising material as well as other benefits.

For the first time, at the completion of the Show last year, staff met with the EDAS members to review the operations of the event. It was discussed at this meeting that the Shire provided much more support to the EDAS than was initially requested. The EDAS were advised they needed to be more descriptive in their request for support which extended much further than just venue hire and rubbish collection fees.

An actual cost breakdown of hire and service fee waiver for the 2023 Esperance Show by the Shire was in excess of \$30,000. This breakdown has been provided at Attachment A.

Officer's Comment

As a result of the post Show debrief, the EDAS have now submitted a request for support for the 2024 Esperance Show. Provided at Attachment B

This request includes, not only the traditional venue hire and rubbish collection fee waivers, but has extended to equipment usage and action/task lists including traffic management requirements, marking of outdoor trade spaces, cleaning, fencing etc, which have not previously been provided or undertaken by the Shire.

The EDAS have not provided a cost breakdown or requested a specific amount for financial support in this request. They have however, acknowledged a contribution of more than \$10,000, offering the Shire of Esperance a Platinum Sponsorship Package which will include;

- Naming rights to an event or activity within the Show i.e. Gardening or Cooking area, Children's entertainment, or Fireworks
- 50 x Adult 2 Day Passes
- 3 x Car Passes
- 4 x Invitations to the Presidents Function
- 2 x 3m Indoor trade spaces, or 10m outdoor trade spaces
- 1 full page colour advertisement in the Show Schedule
- Company logo to appear on the Show Schedule cover
- Company logo to appear on all advertising
- Company logo to appear on Website Homepage and Sponsors Page
- Company banners to be displayed around the Showground

The EDAS have requested the Showgrounds be available for the week prior to the Show, generally Monday pre Show for set up and bump in, until Monday post Show, for breakdown and clean up. There was conjecture over the cleaning arrangements for the Show last year, as all cleaning for the 7 days was directed to the EDAS for payment over this time. A request was later made by the EDAS for the cleaning outside the 2 day event time to be paid by the Shire, which was denied, as all usage of the ablutions over this period was exclusively used by the Show vendors and set up crews.

It is noted that all cleaning costs have been included in this years request by the EDAS. It is anticipated these costs will be in the vicinity of \$10 – \$12,000, which will include multiple cleans per day throughout the 2 day event, daily cleans in the lead up, as well as a deep clean on completion of the Show. Additionally, all carpets will require dry cleaning.

It is viewed that cleaning is a direct operational cost of the event, and therefore should be borne by the EDAS. Over the eight days, the EDAS have exclusive use of these facilities. All community sport and all other usage of these facilities is ceased during this time, as is all normal income.

Many of the additional requests made of the Shire this year, will be performed "in house" and can be resourced and tasked appropriately. The cleaning requirements are undertaken by contract cleaners and are therefore an additional cost to the Shire.

At this it is difficult to provide a costing on the hire fees for the Stadiums. With the ongoing assessment of the floors within the Indoor Sports Stadium, we are yet to commit to full availability of this facility at this time.

Based on the 2023 review, and the additional requests submitted this year, it is expected, the associated costs to the Shire, requested by the EDAS, excluding cleaning costs will be in the range of \$40 – \$50,000. Should Council wish to include the cleaning costs, as requested, cost to the Shire will be close to \$60,000.

Dear Mr Burge and Counsellors,

The Esperance and Districts Agricultural Soc, would like to thank you for being a major sponsor of the 71st annual show in 2023

As successful as the 2023 show was, costs are increasing in running this large community event.

With this in mind the EDAS would like to invite the Shire to once again become a major sponsor for our 72nd Agricultural show, by waiving the GSG grounds, stadiums and attached equipment/requirement costs.

These are large costs to us and we would very much appreciate your support in this.

If you would like to discuss this further, please contact our president, Mr Graham Cooper on 0429 960 560.

Kind regards,

Graham Cooper

Executive Summary

For Council to consider adopting the Extractive Industries Local Law 2024.

Recommendation in Brief

That Council adopt the Extractive Industries Local Law 2024.

Background

Section 3.16(1) of the *Local Government Act 1995* requires that all local laws of local government must be reviewed within an eight (8) year period after their commencement or from their last review date. The Shire of Esperance Extractive Industries Local Law 2001 was gazetted in December 2001, and reviewed in 2009 and 2014 with no changes.

Officers reviewed the Extractive Industries Local Law 2001 and determined that some minor changes were required, including the addition of definitions for 'land', 'occupier' and 'owner', updating the format to the current local law template, and significant changes to Schedule 1 to include additional prescribed offences.

As various changes were recommended, it was proposed that a new local law, the Shire of Esperance Extractive Industries Local Law 2024, be adopted which will repeal the current local law.

Consequently, at the Ordinary Council Meeting held on 26 March 2024, Council resolved to request the CEO to:

1. Give Local Public Notice of the proposed Shire of Esperance Extractive Industries Local Law 2024 in accordance with s.3.12(3) of the *Local Government Act 1995*;
2. Forward a copy of the proposed local law and public notices to the Minister for Local Government; and
3. Prepare a further report at the conclusion of the public submission period to enable Council to consider submissions.

Officer's Comment

Local public notice of the proposed Extractive Industries Local Law 2024 was given in accordance with section 3.12(3)(a) of the *Local Government Act 1995*. A public submission period was open between 5 April 2024 and 25 May 2024 with no submissions received.

Officers sought advice from the Department of Local Government, Sport and Cultural Industries (DLGSC) and their comments have been reviewed and included (Attachment B).

DLGSC proposed minor modifications to the Extractive Industries Local Law 2024, with regard to formatting and grammatical amendments, inclusion of 'planning approval' definition and including notification of outcomes in clauses 3.1 and 4.1. These changes have since been incorporated into the Extractive Industries Local Law 2024.

2024/25 Community Grants Program - Budget Allocation

Executive Summary

For Council to consider the applications received under the Community Grants Program and determine allocations in the 2024/25 Annual Budget.

Recommendation in Brief

That Council

Includes funds into the 2024/25 Annual Budget, to be distributed in accordance with the criteria and guidelines of the Community Grants Program.

Background

The Community Grants Program is the Shire's principal community investment program. Through this program Council contributes to community wellbeing by:

- Supporting and stimulating diverse projects, programs and activities;
- Encouraging collaboration through engagement and participation in the community;
- Facilitating stronger, more sustainable and resilient communities;
- Supporting the maintenance and upgrade of community facilities; and
- Encouraging projects and events benefitting Aboriginal and Torres Strait Islander People.

The guidelines and application forms for the Community Grants Program are available on the Shire's website. The Community Grant Program guidelines state that "The grants program is designed to provide limited financial assistance and is not intended to be relied upon as a primary or recurrent source of funding", and "All funding requests must not exceed 50% of the total project cost (with the exception of the Small Grants category)."

Among other requirements, part of the guiding assessment criteria states that applicants need to demonstrate the community need for the project, benefit to the community, alignment to the Esperance Council Plan, organisational ability to effectively manage the project and capacity to make a financial and in-kind contribution towards the project.

A total of 7 applications were received under the Annual Grant category of the Community Grants Program 2024/25. The 7 applications have requested funding of \$190,469 (Exc GST).

At the Ordinary Council Meeting held on the 28 March 2024, Council endorses the Esperance Tennis Clubs – Lights Upgrade and LED Conversion Project for the Department of Local Government, Sport and Cultural Industries, Club Night Lights Program as follows;

Council:

- i. Endorses the CNLP February Small Grants application*
 - a) from the Esperance Tennis Club – Lights Upgrade and LED Conversion Project for the Development Bonus amount of \$66,734.49 (ex GST).*
- ii. Prioritising the application as follows*
 - a) Esperance Tennis Club (Priority 1)*

The Small Grants category will be open to applications for the full grant year 2024/25, or until funds are allocated, to enable community groups to respond to opportunities in a timely manner as they present throughout the year.

Officer's Comment

The Community Grants Program applications have been supplied to Council along with a summary of each application to assist with the assessment of applications received.

The 7 applications this year have requested \$190,469 (Exc GST) of funding.

An annual allocation for the Small Grants Category also needs to be considered for the 2024/2025 budget. Last year's \$70,000 allocation was exhausted by March 2024. The past grant year saw an upswing in grant activity with a total of forty Small Grant applications being supported. As expected there has an increased demand upon the Small Grant funding pool.

It is proposed that the Small Grants Category allocation be increased to \$100,000 in 2024/2025. With the funding availability to be split into quarterly amounts of \$25,000 throughout the funding year. This will ensure funds are available for the entire funding year. Staff will manage this process by allocating funds from the appropriate quarter depending on the timing of the applicant's project.

Last year Council approved 11 Annual Grant applications with a combined allocation of \$220,290 and a Small Grants allocation of \$70,000. Totalling \$290,290.

Consultation

Applications were originally assessed by the Community Development Officer with input from other Shire officers where appropriate.

The Community Grants Program applications have been workshopped with Council over two sessions (21 May 2024 and the 4 June 2024). With three of the applicants being invited to present to Council. Tjaltjraak (Wild Flower Festival), Recherche Aged Welfare (Fence removal) and Rotary Club of Esperance (New Year's Eve Festival).

Allocations approved in this agenda item will be factored into Council's 2024/25 Annual Budget.

Executive Summary

For Council to consider the draft Schedule of Fees and Charges for 2024/2025 to include in the draft budget.

Recommendation in Brief

That Council endorse the attached proposed Schedule of Fees and Charges to be included in the 2024/2025 budget adoption process.

Background

Each year the fees and charges are put to Council for endorsement prior to the budget adoption, so that changes can be communicated to stakeholders ahead of them coming into force. The attached draft copy of the fees and charges proposed for the 2024/2025 Budget is presented to Council for consideration. Council workshopped the proposed Schedule of Fees and Charges at a Council Workshop on Tuesday 21st May 2024.

The fees and charges, as presented, will be the basis used to determine the revenue estimates for fees and charges in the draft 2024/2025 budget. Fees and Charges that are new are highlighted darker orange. Fees and Charges determined by a regulatory instrument are indicated by comment.

Officer's Comment

A Pricing Policy has been included at the front of the Schedule of Fees and Charges. It outlines the Pricing Principles used as a guide to determine the fees and charges each year. Fees are set by regulatory bodies, or by other mechanisms including:

- **BONDS** - Price charged is for a refundable bond or damage security deposit required to be paid to Council to ensure specific conditions are fulfilled.
- **REGULATED** - Price charged is regulated by State or Federal Government legislation. In the event of legislation introducing a new or amended statutory/regulatory fee subsequent to adoption or printing of this document, the Council may apply these new charges without further notice.
- **FULL COST RECOVERY** - Price charged aims to recover all of the direct and indirect costs involved in providing a service.
- **PARTIAL COST RECOVERY** - Price charged aims to only partially recover the full cost involved in providing a service. Situations where partial cost recovery may apply include:
 - where benefits from provision of the service accrue to the community as a whole as well as individual users;

- a short-term approach to stimulate demand for a service.
- where benefits from provision of the service accrue to the community as a whole as well as individual users;
- a short-term approach to stimulate demand for a service.
- MARKET COMPETITIVE (MC) - involves selecting price points based on market competition.

The proposed fee increase is based on the Long-Term Financial Plan assumptions and current CPI indicators. This has been estimated on a combination of factors including:

- the Australian CPI increase of 3.5% to March 2024.
- the West Australian CPI at 3.4% to March 2024.
- the Local Government Cost Index (LGCI) forecasts a decrease to 3.1% in 2024/2025 as indicated at the WALGA Economic Briefing in March 2024.
- the current Shire Enterprise Agreement (EA) which provides for a 3% increase to salaries and wages.

Given the above, a 3.1% increase has been generally applied to fees and charges, with some rounding. Noting that some fees and charges have remained the same as the previous year, or for a specific reason.

Since the Council workshop, a minor addition has been included on page 13 of the document. It was proposed to recognise a Nil charge for hire fees in relation to the Noel White Centre - Meeting Room Clubs (Club Sports Administration). This fee had previously been taken out.

There was also a query from the Council workshop in relation to the animal rehoming/surrender fees and having options for those who may be in financial hardship. The Shire Management Practice MAN0040: Debt Collection will be utilised including the option of payment arrangements being made available to assist those with financial hardship.

It is proposed that the fees will be adopted formally by Council and come into force with the adoption of the budget. An endorsement of the fees prior to the budget adoption will allow staff to inform people or organisations who may be affected by any changes prior to their implementation. Bay of Isles Leisure Centre and Sporting Complexes fees will be effective from 1 September as this allows officers time to inform members/clubs, change brochures and direct debit set-ups.

Consultation

Internal consultation with each department as well as Directors was undertaken in relation to this item. Council Workshop 21st May 2024.

Financial Implications

Fees and charges constitute approximately 22% of the Shire's operating revenue for the year.

Esperance Jetty - s43 Prohibition on Fishing (Wire Trace) Order

Author/s	Shane Burge	Chief Executive Officer
Authorisor/s	Shane Burge	Chief Executive Officer

File Ref: D24/15525

Applicant

Shire of Esperance

Location/Address

Executive Summary

For Council to consider and provide advice back to the Minister for Fisheries on proposed wire trace prohibition order around the Esperance Jetty to restrict shark fishing.

Recommendation in Brief

That Council requests the CEO to advise the Minister for Fisheries of support for the Esperance Tanker Jetty and immediate surrounds to be included in a s43 Prohibition on Fishing (Wire Trace) Order.

Background

Shark fishing in and around the Esperance Jetty (the Jetty), a highly popular location for recreational water activities, came into prominence following increasing reports, and media coverage of sharks being targeted from the jetty. This raised safety concerns for water users and swimmers who also use this area for recreational purposes. It is believed that fishing activities including the use of burley and blood attracts sharks into the area.

The State Government is responsible for the regulation of fishing activities under the Fish Resources Management Act 1994 (the Act). In February 2022, the State Government announced they were reviewing the Act to expand shark fishing restrictions in all nearshore waters within the Perth metropolitan area.

On 3 November 2023, the Prohibition on Fishing (Wire Trace) Order 2022 (the Order) came into effect, prohibiting the use of wire trace (meaning a length of steel or metal wire or chain that is attached to, or is part of, a fishing line) within 800 metres of shore from 5kms North of Two Rocks Marina to Tim's Thicket Beach (south of Mandurah).

In mid 2023 the Shire President wrote to the Minister for Fisheries to request consideration of Esperance being included in any areas of expansion of the shark beach fishing legislation due to the incompatibility of shark fishing and other water pursuits in key recreational areas.

During late 2023 and early 2024 the Shire has been in discussions with the Department of Primary Industries and Regional Development (DPIRD) on how an extension to the Prohibition on Fishing (Wire Trace) Order could assist the Shire of Esperance. The Shire has recently received correspondence from DPIRD that proposes the Esperance Tanker Jetty to be included in the wire trace prohibition order.

Council considered this matter at the May 2024 Ordinary Council Meeting and resolved the following-

O0524-001

Council Resolution

That Council lay this item on the table until the June 2024 Ordinary Council Meeting to allow further clarification on Wire Trace.

This was to allow the CEO to seek further clarification from DPIRD on how or if a wire trace order could be exempt for small fish species like taylor and snook. The response from DIPRD is attached.

Officer's Comment

Due to the complaints from member of the public and the incompatible nature of shark fishing from a key piece of recreational infrastructure, the proposed restrictions on shark fishing from the Esperance Tanker Jetty and immediate adjacent areas would appear to be a suitable solution.

Although the Esperance Tanker Jetty is proposed at this time, if there is a need in the future this area could be expanded to other areas if required.

The proposed restricted area is parcel number 14866 within Reserve 27318 and this also covers the dive trail that extends out from the end of the Esperance Tanker Jetty.

Fishing for sharks in this key recreational coastal area is considered incompatible with community values, and importantly community safety.

The State is responsible for the regulation of fishing activities under the Act but has requested the assistance of the Shire in understanding the appropriateness of introducing a wire trace fishing ban in the waters surrounding the Esperance Jetty, and in any other recreational waters in the district. Having considered the written requests that have been received, it is recommended the Council support the inclusion of an area around the Esperance Jetty in the Order.

As an alternative Council may also want to consider requesting the ban to include the area from the Esperance Jetty down to the Esperance Port to ensure that shark fishing is prohibited within the Esperance Bay and would cover areas such as James St groyne and Taylor St jetty.

Alternate Recommendation:

That Council requests the CEO to advise the Minister for Fisheries of support for the area from Esperance Tanker Jetty and immediate surrounds and west to the Esperance Port to be included in a s43 Prohibition on Fishing (Wire Trace) Order.

Consultation

Consultation was held with the Esperance Land Based Fishing Club who were generally supportive of the proposal but would like to see small wire traces still be able to be used for species such as taylor and snook.

The Esperance Land Based Fishing Club also made the point that the Taylor St jetty as well as the beaches between the Port and the Esperance Jetty should also be included in the prohibition order but made it clear that this order should not be implemented anywhere else on our coastline.

Executive Summary

For council to consider the Compassion Community Charter initiative and supports the group in further consulting with the community

Recommendation in Brief

That Council endorse the Compassionate Community Charters initiative and supports further public consultation with the community

Background

Compassionate Community Charter Esperance is a group of Esperance volunteers who developed this project as a part of their leadership journey through Leading Australian Resilient Communities (LARC) Program. This is a national pilot program designed to support regional communities to meet challenges and collectively drive the positive change in their region.

Council met with the Compassionate Community Charter team on 26 March 2024. A draft copy of the Community Charter was presented to Council with a request for endorsement before they proceed to the next round of community consultation. This endorsement is a crucial step in validating the Charter's content and encouraging broader community participation and support.

The Charter will have a set of guiding principles to help decision-makers identify and prioritise programs to improve community health, wellbeing, resilience and connection.

Officer's Comment

This Charter aligns with the Council Plan 2022-2032 Community Connection "*A Community where everyone feels welcome, involved and connected to each other.*" Council endorsement of the Charter will allow the volunteer leadership group to move forward with the next stage of public consultation of the Compassionate Community Charter.

Esperance Tourism Brand Project

Australia's Golden Outback

Location/Address

N/A

Executive Summary

For Council to consider endorsing the new Esperance Tourism Brand; *"Esperance - In Your Element"*, and for the Shire to work closely with Australia's Golden Outback to implement the new brand with the tourism industry and community.

Recommendation in Brief

That Council;

1. Endorse the new Esperance Tourism Brand "Esperance – In your element"
2. Request the Shire to work closely with Australia's Golden Outback to implement the new Esperance Tourism Brand with the tourism industry and community.

Background

The Shire of Esperance developed a five-year tourism strategy to guide a coordinated approach to tourism development, sustainable growth and yield improvement into the future.

A key action of the strategy was to review and strengthen the current brand "Esperance – Create Your Own Story", as it was not widely accepted.

In February 2024, Australia's Golden Outback in partnership with the Shire of Esperance engaged the Brand Agency with the aim to review and strengthen the positioning of the Esperance tourism brand.

The work sought to deliver to the community and industry a sense of what the essence of Esperance is, how it can be positioned in the marketplace and how the industry and community can unite behind the revised or new positioning.

- Brand Development Process:
- Phase 1: Discovery: Desktop research, workshops, interviews, surveys.
- Phase 2: Strategy: Analysis of discovery phase, design and draft brand strategy
- Phase 3: Creative: Creative brief writing and creative development.
- Phase 4: Consultation and Refinement: Presentations to key stakeholder groups for input, and co-creation workshop with community.
- Phase 5: Final creative: Visual identity, guidelines, promotional film, print and digital templates and community toolkit.
- Phase 4 of the project is near completion and in FY/24/25 the project will move to the implementation stage which will be led via a plan to ensure the brand is embedded into marketing material and stakeholders and community are supported with the information and tools to leverage the brand through their own initiatives.

Officer's Comment

The review and strengthening of the Esperance Brand is a key action identified in the Esperance Tourism Strategy, 2021-2026.

Feedback from the consultation with community and key stakeholders has been overwhelmingly positive. The majority of feedback indicates that the essence of Esperance has been captured, and there are practical ways of using the brand in the marketplace, and ways the industry and community can unite behind the brand.

Funds from the Shire's annual joint marketing and promotional budget with AGO will be allocated towards the implementation of the new brand, to ensure the brand is embedded into marketing material and stakeholders and community are supported with the information and tools to leverage the brand through their own initiatives.

The implementation phase will include updating local marketing information including the Esperance holiday planner, the Shires visitor centre website, plus a new social media strategy. New signage, industry workshops and activation ideas including brand place making, plus a new digital marketing strategy will be part of the implementation plan.

A formal launch of the new brand is proposed for Wednesday 21st August, 2024.
