Shire of Esperance

ORDINARY COUNCIL

TUESDAY 27 OCTOBER 2026

MINUTES

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of Esperance for any act, omission or statement or intimation occurring during Council or Committee meetings. The Shire of Esperance disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee meetings. Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by a member or officer of the Shire of Esperance during the course of any meeting is not intended to be and is not to be taken as notice of approval from the Shire of Esperance. The Shire of Esperance warns that anyone who has any application lodged with the Shire of Esperance must obtain and should only rely on written confirmation of the outcome of the application, and any conditions attaching to the decision made by the Shire of Esperance in respect of the application.

ETHICAL DECISION MAKING AND CONFLICTS OF INTEREST

Council is committed to a code of conduct and all decisions are based on an honest assessment of the issue, ethical decision-making and personal integrity. Councillors and staff adhere to the statutory requirements to declare financial, proximity and impartiality interests and once declared follow the legislation as required.

ATTACHMENTS

Please be advised that in order to save printing and paper costs, all attachments referenced in this paper are available in the original Agenda document for this meeting.

RECORDINGS

The Meeting will be live streamed. The recording will be made publicly available as soon as practical following the meeting.

POL 0086: CCTV Policy

Author/s	Mathew Walker	Director Asset Management
Authorisor/s	Shane Burge	Chief Executive Officer

File Ref: D26/29603

Applicant
Internal

Location/Address
Shire wide

Executive Summary
For Council to consider updating POL 0086: CCTV to enable authorised Shire staff to review recorded internal CCTV footage

Recommendation in Brief
That Council adopts the revised POL 0086: CCTV inclusive of amendments, inclusions and deletions.

Background
POL 0086: CCTV sets out the requirements for the Shire's internal and public CCTV systems, including ownership, control, viewing and release of footage. The policy was last reviewed in March 2026.

The Manager Information Services has received a number of requests from departments to review recorded footage to establish whether an incident occurred and whether a formal request to download historic footage should proceed. Under the current policy, these preliminary reviews are undertaken by Information Services staff, creating increased and unnecessary workload.

The proposed update adds a specific control for reviewing recorded internal CCTV footage. Access will be restricted to authorised Shire staff with a legitimate operational need and will require approval by the Manager Information Services. Authorised Shire staff access would be limited to the cameras covering the area for which the staff member is responsible.

Officer's Comment
The proposed amendment provides a controlled pathway for staff to undertake preliminary reviews of recorded internal CCTV footage who have a legitimate operational need. Access can be configured so that staff only view cameras within the area for which they are responsible. This supports operational decision-making while limiting exposure to CCTV footage unrelated to the staff member's role.

Alternative Considerations
Council may retain the existing policy without the proposed clause. This is not recommended because the policy would continue without an explicit authorisation requirement for reviewing recorded footage and this workload would be put back on Information Services staff.

Consultation
Manager Information Services
Manager Projects and Buildings

Financial Implications
There are no material financial implications arising from this report.

Asset Management Implications
There are no asset management implications arising from this report.

Statutory Implications
The policy operates within the existing requirements of the Local Government Act 1995, State Records Act 2000, Freedom of Information Act 1992, relevant criminal legislation and AS/NZS 62676:2020. The amendment does not create a new statutory obligation.

Policy Implications
POL 0086: CCTV

Strategic Implications
Council Plan 2022 – 2032
People - Outcome 3.Community Safety and Resilience
Objective 3.1. Improve community safety

Environmental Considerations
There are no environmental considerations arising from this report.

For: Cr McWilliam, Cr de Haas, Cr Starcevich, Cr Harp, Cr Graham

COUNCIL POLICY

POL 0086: CCTV

Purpose

To set out the Shire of Esperance's requirements in relation to the operation of Closed Circuit Television systems that it owns and operates.

Scope

This policy does not apply to the capture of videos or photos not linked to the Shire's internal CCTV system or public CCTV system, i.e. live streaming of Council Meetings.

Definitions

MOU: Memorandum of Understanding regarding the supply and use of public CCTV between the Shire of Esperance and the WA Police.

Internal CCTV: Closed Circuit Television recording staff and public internally and externally of the Shire of Esperance buildings.

Public CCTV: Closed Circuit Television covering public open spaces and streets including linked mobile systems.

Practice

Introduction

The Shire owns and operates both an internal CCTV system and a public CCTV system. Digital images are recorded from both systems twenty four (24) hours, seven (7) days a week and are retained for a period of not less than thirty one (31) days.

The internal CCTV system monitors the Shire of Esperance building assets, the purpose of the Internal CCTV system is to -

1. Assist in deterring antisocial and criminal behaviour
2. Assist in deterring offences against persons and/or property.
3. Assist staff with providing improved customer service.
4. Assist staff with providing operational services.

The Public CCTV System monitors public open spaces and streets. The purpose of the Public CCTV system is to -

1. Assist in deterring antisocial and criminal behaviour
2. Assist in deterring offences against persons and/or property.
3. Facilitate rapid response by WA Police and other emergency services as determined by WA Police when detecting instances of crime and anti-social behaviour.
4. Capture footage of suitable quality (ideally facial identification) to ensure that recorded footage of crimes can be used by WA Police or their legal representative for effective prosecution.
5. Reduce the public's perception of crime and the fear of crime.

Ownership and Control

1. Internal CCTV system -
   The Shire of Esperance Internal CCTV system is owned by and is the sole property of the Shire of Esperance, who ensure that the CCTV system is maintained in efficient working order. The Shire of Esperance have exclusive access to and control of all recorded footage.
   The Shire of Esperance may allow access, only to the external building cameras, to WA Police as part of the Public CCTV system. The footage and data from these cameras would be available to WA Police without restriction.
2. Public CCTV system -
   The Public CCTV system is owned by and is the sole property of the Shire of Esperance, who ensure that the CCTV system is maintained in efficient working order. The Shire of Esperance provides the CCTV system to WA Police who have exclusive access to, and control of, all recorded footage. These ownerships and controls reference the MOU between the Shire of Esperance and WA Police.

Viewing and requesting CCTV images/recordings

1. Internal CCTV system -
   a. Live viewing of Internal CCTV Footage -
      i. Shire staff, contractors and volunteers are able to view live internal CCTV footage that is operational required as part of their role.
   b. Reviewing of recorded CCTV footage -
      i. Reviewing of recorded CCTV footage is restricted to authorised Shire staff who have a legitimate operational need. Authorisation, including any conditions of access, must be approved by the Manager Information Services.
   ~~b.~~c. Downloading Historic Internal CCTV Footage -
      i. Shire of Esperance staff -
         An Internal CCTV Data Request form, must be filled in and signed by the requesting officers Manager before lodging it with the Manager Information Services who will verify and approve the request.
         The Manager Information Services or their delegate will assess and provide the data as requested based on priority (urgency and importance), ensuring that the request does not contravene governing standards before providing the data.
      ii. WA Police -
         WA Police may request footage from the Shire of Esperance Internal CCTV in order to supplement or assist with criminal investigations.
         Any and all requests for such data will need to be made in writing to the Shire of Esperance, the Manager Information Services will assess and provide the requested footage as required.
      iii. General Public -

Members of the Public may request footage from the Shire of Esperance Internal CCTV through a Freedom of Information Request. Request will be governed by the requirements under the *Freedom of Information Act 1992*.

2. Public CCTV system -
    a. The police have the sole viewing rights to the Public CCTV system. Request for viewing and requesting images/recordings from public system can only be done through WA Police. The Shire of Esperance does not have access to the images and recordings from the Public CCTV System.

Item: 12.2.2

Cannery Arts Centre - Innerspace Building

Author/s	Mathew Walker	Director Asset Management
Authorisor/s	Shane Burge	Chief Executive Officer

File Ref: D26/29608

Applicant
Cannery Arts Centre Inc.

Location/Address
Cannery Arts Centre, Esperance, Reserve 34219

Executive Summary
For Council to consider the Cannery Arts Centre's request for a Shire contribution toward Stages 1 and 2 of the Innerspace building project.

Recommendation in Brief
That Council approves a contribution of $6,000 Ex GST to the Cannery Arts Centre Inc. toward Stages 1 and 2 of the Innerspace building project.

Background
The Innerspace building is located on a reserve vested in the Shire of Esperance and leased to the Cannery Arts Centre Inc. (the Cannery). The building is used in association with the Cannery Arts Centre and does not currently have a certificate of occupancy that enables the Cannery to use the building as a public space. On the advice of a funding providers, The Cannery is seeking to progress a staged process toward retrospective approval and future redevelopment.

Wells Building Designers and Consultants has quoted $33,500 excluding GST for Stages 1 and 2. This comprises $20,000 for pre-design and compliance concept work, $3,500 for a feature and contour survey, $5,000 for building surveying and $5,000 for structural inspection and reporting.

The broader proposal identifies Stages 3 to 6 for planning approval, design development, construction documentation, tender and contract administration. An indicative construction basis of approximately $665,000 has been used, but the rectification scope and cost have not yet been confirmed by a quantity surveyor.

The Cannery has secured funding from the State Government of $15,000 and Art on the Move for $10,000 towards the project. To progress Stages 1 and 2 an additional $8,500 in funding is required. The Cannery has asked if the Shire has any capacity to contribute to this, see attached request.

Officer’s Comment
It is proposed to contribute $6,000 ex GST towards Stages 1 and 2 of the Innerspace building project, which comprise the investigations, compliance assessments and concept planning required to inform a pathway toward obtaining a certificate of occupancy. Officers consider a contribution reasonable given the building is located on a reserve vested in the Shire and forms part of the premises leased to the Cannery Arts Centre. As landowner, the Shire has a direct interest in ensuring the building's condition, compliance status and future requirements are properly understood and managed.

The contribution will assist in addressing compliance and occupancy issues while leveraging $25,000 in external funding already secured. Completion of Stages 1 and 2 will provide the technical information required to support future funding applications and inform decisions regarding the building's long-term future. The recommendation reflects a shared investment approach that recognises both the Cannery Arts Centre's commitment to the project and the broader community benefit associated with maintaining and enhancing an important cultural facility for the Esperance community.

Alternative Considerations
Council could decline the request and require the Cannery to fund the full $8,500 shortfall, or contribute the full shortfall. Declining or reducing support may delay the compliance assessment and the organisation's proposed funding application. Funding the full shortfall is not recommended, as a financial contribution from the applicant demonstrates commitment to the project and supports a shared investment in its successful delivery.

Consultation
Cannery Arts Centre Inc

Financial Implications
The recommended contribution is $6,000, is proposed to come from the Community Assistance budget allocation.

Asset Management Implications
The building is located on a reserve vested in the Shire and within premises leased to the Cannery Arts Centre. The Shire therefore retains an asset and land-management interest even where day-to-day occupation and some maintenance responsibilities sit with the lessee. Stages 1 and 2 will define the building's condition, approval status, compliance gaps and preliminary rectification scope. The resulting information should be assessed against the lease to determine responsibility for existing defects, approvals, rectification, maintenance and future renewal.

Statutory Implications
The Innerspace building will need to comply with applicable planning, building and public-building requirements. As the reserve is vested in the Shire and the premises are leased to the Cannery Arts Centre, the proposed investigations and any later works must also be consistent with the reserve purpose, the lease and the Shire's landowner consent requirements. Stages 1 and 2 include existing-condition documentation, building and structural assessments, and development of solutions for identified non-compliances.

Policy Implications
N/A

Strategic Implications
Council Plan 2022 – 2032
People - Outcome 1. Diverse, Inclusive and Supported Communities
Objective 1.3 Grow community capacity by supporting community groups and volunteers

Environmental Considerations
No direct environmental impacts arise from the proposed contribution.

A⇩. Request for Support - Cannery Arts Centre - Innerspace Building

Item 12.2.2 Cannery Arts Centre – Innerspace Building

Officer's Recommendation

That Council approves a contribution of $6,000 Ex GST to the Cannery Arts Centre Inc. toward Stages 1 and 2 of the Innerspace building project.

MOTION

Moved: **Cr de Haas**

Seconded: **Cr Starcevich**

O1026-145

Council Resolution

That Council

1. **Approves a contribution of $6,000 Ex GST to the Cannery Arts Centre Inc. towards Stages 1 and 2 of the Cannery Arts Centre's Innerspace building project; and**
2. **Advises this contribution does not imply or constitute a commitment by the Shire of Esperance to fund any future stages of the Innerspace building project.**

CARRIED
F3 – A2
For: Cr de Haas, Cr Starcevich, Cr Graham
Against: Cr Harp and Cr McWilliam

Reason: That Council wished to ensure that support for Stages 1 and 2 of the project was not interpreted as a commitment to any future stages of the project.

Subject: $8500 shortfall needed for Innerspace building Stage 1 & 2
Attachments: STAGE 1 & 2 QUOTE.pdf; Wells Building Design Quote Innerspace.pdf

[Caution: External Email] This email was sent from outside the organisation - be cautious, particularly with links and attachments.

Hello Shane

The Cannery, as discussed previously with on site visit, are keen to assist the Shire with the redevelopment of the Innerspace building which doesn't have a certificate of occupancy.

We were looking at applying for the Lotterywest Arts and Culture Infrastructure grant but have been advised best if we carry out Stage 1 & 2 first ($33,500) and then request the larger portion of the project, Stages 3-6 ($600,000).

I know you have done the budget already but we have support from the State Government $15,000 and arts organisation Art on the Move $10,000 so require $8,500.

Would the Shire have any capacity to contribute?

Kind regards

Katie Witt

Building Design, Consultants & Project Management

Innerspace building at the Cannery Arts Centre

16 October 2025

Thank you for the opportunity to submit a fee to provide Building Design, Consultants & Project Management services for the retrospective approval of the existing unauthorised Innerspace building at the Cannery Arts Centre.

Unauthorised buildings are required to comply with the current standards. In our experience this would include but not be limited to the following to be bought up to current standards in order for the Innerspace building to be retrospectively approved:

- Accessibility – The building would need to be accessible and compliant with Australian Standard AS1428. Including – Parking, Paths of travel, Ramps, Doorways, Thresholds, Circulation, Door Hardware & Toilet Facilities.
- Energy efficiency – Upgraded insulation, glazing, sealing, efficient lighting, efficient heating & cooling and efficient water heating.
- Access & Egress – Number of exits, Distance to exits, Exit design and door hardware function.
- Health & Amenity – Toilet Facilities, Light & Ventilation, Commercial kitchen compliance
- Structural – The building would need to be structurally adequate for use as a public building.

Our estimated fee to provide building design, specialist consultants and project management services is [redacted]. This fee has been derived from the approximate cost if this building of size, nature and function was built compliantly in todays market. The building is approximately 190m² x $3500 per m² = $665,000. Our fee is [redacted] of this. [redacted] for Building Design & Specialist Consultants and [redacted] for project management.

The building design stages can be summarised as follows:

- Stage 1 – Pre-Design
- Stage 2 – Compliance Review
- Stage 3 – Planning Approval
- Stage 4 – Design Development
- Stage 5 – Contract documentation suitable for construction/building permit
- Stage 6 – Tender & Contract Administration

Please see below the proposed services schedule:

Consultant & Discipline	Services
Wells Building Designers and Consultants Building Designer, Principal Consultant, Project Manager & Superintendent.	Stage 1 - Pre-Design ● Review, develop and finalise the client brief ● Existing conditions – Site measure, photographic record and modelling of the existing in Revit to deliver the following documents: ○ Site Plan ○ Floor plan ○ Elevations ○ Sections 1:50 scale ○ 3D views ● Site services investigation – Sewer, Water, Power, Gas, Phone. ● Site Analysis – Research Planning requirements, Climate, Site restrictions - Easements, Covenants etc ● Engage consultants – Surveyor, Building Surveyor, Structural Engineer, Energy Assessor & Geotechnical Engineer
Wells Building Designers and Consultants Building Designer, Principal Consultant, Project Manager & Superintendent.	Stage 2 - Compliance Review ● Collaborate with the building surveyor in order for them to deliver a compliance report. ● Collaborate with Structural Engineer to provide inspection and report ● Provide concept Architectural documents with solutions to any non-compliant areas including the following deliverables: ○ Site Plan ○ Floor plan ○ Elevations ○ Basic Sections 1:50 scale ○ 3D views ● Issue concept plans to client for review ● Concept review meetings with client Stage 3 - Planning Approval ● Liaise with the Shire of Esperance to obtain early planning advice ● Provide documentation suitable to achieve development approval from the Shire of Esperance ● Organise the planning approval application process. Client to pay the Shire of Esperance planning fee

Wells Building Designers and Consultants Building Designer, Principal Consultant, Project Manager & Superintendent.	Stage 4 - Design Development ● Further develop the previous stage documentation into preliminary working documents. ● Liaising with and incorporating specialist consultant information Stage 5 - Contract documentation suitable for construction/building permit ● Finalising all documentation to a standard suitable for tender, approvals and construction Stage 6 - Tender & Contract Administration ● Tender Administration: ○ Organise a run a tender for the works ○ Answer and RFI's during tender stage ○ Issue any addendums required during tenders stage ○ Review and evaluate tenders received ○ Award the tender to the successful contractor ● Contract Administration ○ Organise the building contract to be agreed upon and signed by the Principal & Contractor ○ Organise pre-start meeting ○ Carryout Superintendent services throughout construction acting as an agent for the Principal and an independent certifier. ○ Issue any directions to the contractor ○ Review progress claims from the contractor ○ Ensure the construction is carried out as per the contract and documentation ○ Review variation claims from the contractor ○ Review extension of time claims from the contractor ○ Ensure the construction is carried out to the required standards and issue defects lists ○ Issue practical completion certificate Project Management ● Oversee the entire project from design through to final completion.
Caldwell Surveys or 35 Degrees South Land Surveyor	Provide a contour and feature survey of a portion of the site relevant to this building.

Comply West or Statewide Building Certification WA Building Surveyor	Preliminary Building Code of Australia compliance assessment of the existing conditions documentation Provide a Certificate of Design Compliance for any rectification works that are required. Provide a Certificate of Building Compliance or Certificate of Construction Compliance which at the completion of the project
Total Cost Management Quantity Surveyor	Provide a construction cost estimates on the rectification works for the project. Concept Stage & Pre-Tender Stage
Bluemar Geotechnical Engineer	Provide a geotechnical investigation and report. Site soil classification
JC Consulting Engineers Structural Engineer	Review of existing Structure and provide a Structural report Structural design, documentation & certification of rectification items
JC Consulting Engineers Civil Engineer	Stormwater disposal design, documentation and certification Carparking design, documentation and certification
TABE Engineering Mechanical Engineer	Heating, Ventilation & Air-Conditioning design, documentation & certification
Gravity Hydraulics Hydraulic Consultant	Hot & Cold Water, LPG Gas & Sewer drainage design, documentation & certification
ESC Engineering Electrical Engineer	Distribution board, power, lighting, security & communications design, documentation & certification
Tetra Tech Coffey Asbestos Consultant	Demolition and refurbishment intrusive Asbestos survey Monitoring during removal and provide a Clearance Certificate following the completion of the removal.

Total Cost Management Quantity Surveyor	Provide pre-tender construction cost estimate
Disclaimer	***There is every possibility that additional consultants to what has been mentioned above may be required.***

Estimated Timeframe:

The entire project including design and construction is estimated to take 18 to 24months. More detailed timeframes can be determined the further we get into the design stages.

If you have any queries please don't hesitate to contact us. Alternatively, if you wish to proceed please reply to this email with confirmation and we will forward through our client agreement to be signed. We can then get started on the Pre-Design and Compliance Review stages.

Item: 12.3.1

Budget Amendment - Extraordinary Local Government Election 2026

Author/s	Sarah Walsh	Coordinator Governance & Corporate Support
Authorisor/s	Felicity Baxter	Director Corporate & Community Services

File Ref: D26/28417

Applicant
Shire of Esperance

Location/Address
Town Ward

Executive Summary
For Council to authorise a budget amendment to fund the Extraordinary Local Government Election to be held on the 3rd of December 2026.

Recommendation in Brief
That Council amend the 2026/27 Budget as follows:

Description		Budget Figure	Amended Figure	Variation
Members of Council Elections	01.03020.335.370	0	49,000	49,000
From Priority Projects Reserve	01.03920.957.956	-100,856	-149,856	-49,000
Net result				Nil

Background
In August 2026 Cr Johnston resigned from Council, creating a vacancy in the Town Ward which needs to be filled. Where Councils have chosen the Ward system, any position vacant longer than 12 months must conduct an extraordinary local government election to replace the position.

Officer's Comment
At the Special Council Meeting on the 9th of September, Council resolved to

1. *Declare in accordance with section 4.20(4) of the Local Government Act 1995, the Electoral Commissioner to be responsible for the conduct of the 2026 extraordinary election together with any other elections or polls which may be required; and*
2. *Decide, in accordance with section 4.61(2) of the Local Government Act 1995 that the method of conducting the election will be as a postal election; and*
3. *Set the date for the extraordinary election to be held on Thursday, 3 December 2026.*

Council must now consider how to fund the Extraordinary Election. The Western Australian Electoral Commission (WAEC) has provided a cost estimate of $46,000 to run this election. Typically, Shire also pays for count staff and a count staff supervisor. Officers estimate this to be approximately $3,000.

Alternative Considerations
As Council has confirmed their intention to proceed with the extraordinary election, a budget amendment is required, to be authorised by Absolute Majority, under the *Local Government Act 1995* and the *Financial Management Regulations 1996*.

Council may consider alternative budgeted accounts to fund this from.

Consultation
Chief Executive Officer
WA Electoral Commission

Financial Services Report - October 2026

Author/s	Sarah Bridge Roselyn Hamilton	Corporate Accountant Manager Financial Services
Authorisor/s	Felicity Baxter	Director Corporate & Community Services

File Ref: D26/31200

Executive Summary
To present to Council the Monthly Financial Report for the period ending 30 September 2026.

Background
Section 6.4 of the Local Government Act 1995 establishes the requirement for local governments to prepare financial reports and provides the legislative authority for the detail prescribed in the Financial Management Regulations.

Financial Management Regulation 34 of the Local Government Financial Management Regulations 1996 prescribes the monthly Financial Activity Statement, its content, and requires presentation to Council within two months of month-end.

Officer's Comment
The Manager Financial Services – Compilation Report included in the attachment, provides an overview of the year-to-date progression to budget.

Alternative Considerations
There are no alternate considerations for this report as the process for presenting the monthly Financial Statements is prescribed within the Local Government Act 1995 and Financial Management Regulations 1996.

Strategic Implications
Council Plan 2022 – 2032
Performance - Outcome 10. Effective Governance and Partnerships
Objective 10.1. Provide transparent, accountable and effective leadership and resource management

MONTHLY FINANCIAL MANAGEMENT REPORTS

(Incorporating Statement of Financial Activity)

SEPTEMBER 2026

CORPORATE & COMMUNITY SERVICES

MANAGER FINANCIAL SERVICES
COMPILATION REPORT

MEETING DATE:	27 OCTOBER 2026
ACCOUNTING PERIOD:	PERIOD ENDED 30 SEPTEMBER 2026
MATERIALITY THRESHOLD:	$100,000 OPERATING, $200,000 NON-OPERATING

OVERVIEW

The Statement of Financial Activity shows a surplus at 30 September of $40,832,494.

RATES COLLECTED

Rates collected at the end of June were 69.52%. Collections at the same time last year were 67.40%. The prize draws were a big success again, with many winners excited to have been awarded a prize. The due date for the second instalment is 18 November 2026.

2026-2027 FINANCIAL YEAR

Auditors attended the Shire of Esperance from 21 - 25 September. This final audit reviewed the last 4 months of transactions, end of financial year reconciliations as well as the draft financial statements. The finance team are continuing to communicate with the auditors to finalise this process.

Procure to Pay upgrades were implemented in late September. The Accounts Payable team are continuing to work with Shire Purchasing Officers as everyone gets accustomed to the new processes.

WORKING CAPITAL

The Council is solvent and I do not consider there any matters of liquidity affecting business continuity that I would bring to Council's attention.

Current surplus at the end of September is $40,832,494. The surplus is shown on the bottom of the Statement of Financial Activity and also on the Composition of Net Current Assets. It represents our ability to meet the short-term demands of our suppliers.

Unrestricted cash at bank is $63,100,693 and this is shown on the Statement of Financial Position. Reserve balance is $31,954,817, also shown on the Statement of Financial Position.

SHIRE OF ESPERANCE
EXPLANATION OF MATERIAL VARIANCES
FOR THE PERIOD ENDED 30 SEPTEMBER 2026

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date actual materially.
The material variance adopted by Council for the 2026-27 year is $100,000 for operating activities and $200,000 for non-operating activities.

Description	Var. $	Var. %
	$	%
Revenue from operating activities		
Grants, subsidies and contributions	**(596,571)**	**(30.97%)**
Home Care funding tracking behind budget scheduling.		Timing
Interest revenue	**473,212**	**234.17%**
Interest earnings on reserves and municipal funds are tracking ahead of budget scheduling due to improvements to timely recognition of revenue.		Timing
Other revenue	**696,934**	**219.47%**
Progress claim on the Hockey Turf civil works put through earlier than budget expectations.		Timing
Expenditure from operating activities		
Employee costs	**(337,986)**	**5.61%**
Movements in leave provisions and overhead recovery are contributing to this variance.		Permanent
Materials and contracts	**1,160,585**	**(26.68%)**
Home Care program expenses are tracking behind budget scheduling, in line with their revenue. Contractor oncost recovery rates are also contributing to the variance.		Timing
Utility charges	**115,131**	**(30.30%)**
Variance due to timing on receival of invoices for utilities across multiple business areas.		Timing
Other expenditure	**133,295**	**(42.06%)**
Issuing of community grants is tracking behind budget expectations.		Timing
Inflows from investing activities		
Capital grants, subsidies and contributions	**949,149**	**30.78%**
Main Roads funding for road and streets projects is tracking ahead of budget expectations. Recognition of income from contract liabilities as the projects such as James Street and the Community Energy Upgrades progresses, is also contributing to the variance		Timing
Proceeds from disposal of assets	**1,523,724**	**280.55%**
Lots in Flinders Estate are selling ahead of budget expectations.		Timing
Outflows from investing activities		
Payments for property, plant and equipment	**(4,130,295)**	**349.94%**
Construction works at Myrup Waste Management Facility are tracking ahead of budget expectations.		Timing
Payments for construction of infrastructure	**5,098,991**	**(62.70%)**
Roads and Streets works, particularly rural roads, are tracking behind budget scheduling due to wet weather across the Shire.		Timing
Inflows from financing activities		
Proceeds on new borrowings	**(2,462,490)**	**(100.00%)**
Variance due to budget phasing on loan for Myrup Waste Transfer Station project, which will be taken out in the latter half of the financial year.		Timing
Transfers from reserve accounts	**1,187,794**	**15.62%**
Transfers from reserves for projects are being completed monthly. Waste projects funded via reserve are tracking ahead of budget scheduling		Timing

LIQUIDITY

Liquidity is a modified current position which consists of un-restricted cash, debtors and inventories less payables and provisions for annual leave.

A surplus is indicated by a positive figure and a deficit is indicated as a negative number.

The purpose of the graph is to trace the progressive values of the liquidity surplus(deficit) which shows on the "Statement of Financial Activity" in each moths financial report.

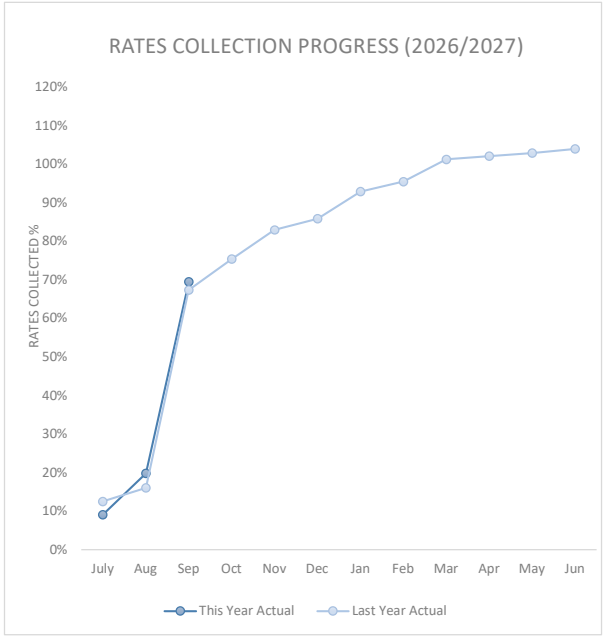

The current year to date value is graphed against the immediate past year as a comparative.

Licence Request - Portion Lot 1027 The Esplanade

Author/s	Sarah Walsh	Coordinator Governance & Corporate Support
Authorisor/s	Felicity Baxter	Director Corporate & Community Services

File Ref: D26/31489

Applicant
Southern Ports Authority
Esperance Miniature Railway Society

Location/Address
Portion Lot 1027 The Esplanade, Esperance, Reserve

Executive Summary
For Council to consider a licence with Southern Ports Authority and sub-licence with Esperance Miniature Railway Society for an additional portion of Lot 1027 The Esplanade, Esperance.

Recommendation in Brief
That Council enters a licence with the Southern Ports Authority and sub-licence with Esperance Miniature Railway Society (Society) for the additional portion of Lot 1027 The Esplanade, Esperance, to allow the Society to complete the clocktower verandah works.

Background
The Shire of Esperance currently leases a portion of Lot 1027 The Esplanade from Southern Ports Authority (SPA), as shown as red in the above image.

The Shire has a sub-licence with the Society for a portion of this area, for their ticket office, storage sheds, railway track and clock tower.

The Society wish to construct the final section of the clocktower verandah, however this currently falls outside of the Shire's lease area with SPA, so a licence has been proposed to allow for the construction to proceed.

Officer's Comment
There was previously an in-ground fuel tank located in this area, which is why it was not included within the Shire's lease area. The fuel tank has now been decommissioned, and we are working with SPA to adjust the lease area to encompass this area, along with some other adjustments.

This process is expected to take some time, due to surveying timeframes and approval processes.

The Society has received building approval and wish to finalise their construction as soon as possible. SPA has confirmed that an agreement would be required over the area before construction can commence and suggested a licence mechanism as that approval process is much quicker than the lease arrangement approach.

It is proposed that a licence be entered into with SPA, and a sub-licence with the Society, to allow for these works to be completed while we continue to work through the lease area plan adjustment process.

SPA has confirmed the licence term would be 12 months, or until the new Adventureland Park lease is executed. The licence will incur an annual fee of $11, which will be on-charged to the Society.

We recommend that the licence preparation fee of $165 that would normally be charged to the Society be waived in this instance, as their existing licence will be amended once the new lease area has been finalised between the Shire and SPA. At this time, a licence preparation fee would be charged to adjust the arrangement.

Alternative Considerations
The alternative option would be to not approve the licence and wait for the new lease to be finalised, however this would significantly delay the construction works for the Society.

Consultation
Southern Ports Authority
Esperance Miniature Railway Society

Financial Implications
Annual licence fee of $11, to be charged to the Shire and on-charged to the Society
Licence preparation fee of $165 to be waived for the Society

Asset Management Implications
Nil – land only licence, all construction and maintenance of the clocktower is the responsibility of the Society.

Statutory Implications
Local Government Act 1995 - Section 3.58 Disposing of Property
Local Government (Functions and General) Regulations 1996 – Section 30(2) Dispositions of property excluded from Act s.3.58
Land Administration Act 1997 – Section 18 Crown Land Transactions that need Minister's Approval

Policy Implications
Building and Property Agreements Policy

Strategic Implications

Council Plan 2022 – 2032

People - Outcome 2. Community Health and Wellbeing

Objective 2.2. Increase participation in sport and recreation activities.

Thanks Leroy,

Are you able to please confirm if there would be any costs involved for the licence arrangement?

As noted, we will need to put this to Council for their decision, however I can't see there being any major concerns.

Kind regards,

Sarah Walsh

\sb100

Hi Sarah,

Confirming our discussion this morning, Southern Ports is proposing to prepare a short-term Licence with the Shire for the clocktower veranda extension.

The Licence would be for a 12-month term, or until the new Adventureland Park lease is executed, whichever occurs first.

Could you please advise whether the Shire is agreeable to this approach.

Cheers and regards,

Kind Regards

Leroy Amprimo

[Caution: External Email] This email was sent from outside the organisation - be cautious, particularly with links and attachments.

Good morning, Sarah

Thank you for your phone call and email yesterday. Your help in the matter of the clocktower verandah update is really appreciated.

Yes, the Miniature Railway wants to enter into a temporary sub-license for the area in question to allow the works to be finalised.

We understand that the sub-license will be in place until the Lease between the Shire and Southern Port Authority can be adjusted to incorporate this area.

Thank you again for your help

Regards

Louise Gray

12.4 EXECUTIVE SERVICES
Item: 12.4.1

2027 Agenda Briefing and Ordinary Council Meeting Dates

Author/s	Elise Godwin	Administration Assistant - Executive Services
Authorisor/s	Shane Burge	Chief Executive Officer

File Ref: D26/30345

Applicant
Internal

Executive Summary
For Council to accept the proposed dates for the Agenda Briefing Session and Ordinary Council Meeting for 2027 as attached.

Recommendation in Brief
That Council agrees to the attached schedule of Agenda Briefing Session and Ordinary Council Meeting dates for 2027.

Background
Each year Council endorses proposed Agenda Briefing and Ordinary Council Meeting (OCM) dates for the following year which allows for public advertisement as per section 5.25(1)(g) of the *Local Government Act 1995* and 12(1) of the *Local Government Regulations 1996*.

Officer's Comment
Council meets on the third Tuesday of every month at 1pm for an Agenda Briefing Session and on the fourth Tuesday of every month at 4pm for the OCM. It is recommended that the practice continues with the exception of the January and December meetings, in order to accommodate for Australia Day and the festive season. It is proposed that the January OCM be held on the 27th and the December Agenda Briefing and OCM be held 7th and 14th December 2027.

The September 2026 OCM was held at the Cascade Community Hall and was reasonably well attended by members of the community. In line with Council's ongoing commitment to accessibility and community engagement, it is recommended that the September 2027 OCM be held at another rural townsite to continue providing opportunities for rural residents to participate.

Below is a summary of the rural locations that have hosted Council meetings over the past seven years:

2020	Cascade
2021	Condingup
2022	Salmon Gums
2023	Gibson
2024	Grass Patch
2025	Scaddan
2026	Cascade

Alternative Considerations
Alternatively, Council may choose to hold the Agenda Briefing Sessions and Ordinary Council Meetings on a different day and time.

Financial Implications
Nil

Asset Management Implications
Nil

Statutory Implications
Under Section 5.25(1)(g) of the *Local Government Act 1995* and 12(1) of the *Local Government Regulations 1996* Council must give public notice of the date and agenda for Council meetings.

Policy Implications
Nil

Strategic Implications

Specific Comments relating to Monthly Statistics
Currently there are 48 Building Permit applications awaiting technical assessments, Development Approval, or waiting for further information to be provided.
5 x Class 1a Dwelling Permits (incl Alterations/Additions) were issued in September 2026 – with a value of $1,937,052.00

Health Services Applications – September 2026

Specific Comments relating to Environmental Health Activities in September

- EHOS attended a Mosquito Management course ran by the Department of Health in Mandurah. The topics covered state of the art trapping techniques, technologies and emerging science.

Council Plan Summary

September 2026

People

Diverse, Inclusive and Supported Communities

Action Code	Action Name	Comments	Responsible Officer Position
1.1.1	Prioritise and implement the next stages of the Youth Precinct Concept Plan, with consideration for lighting the pump track and/or extending the skate park.	Due to commence 2029/2030	Director Asset Management
1.2.1.	Review the Esperance Home Care Strategy.	We have been sending relevant data for analysis by Stewart Brown during this month.	Manager Aged Care & Disability Services
1.2.2	Develop an Over 55s Lifestyle Village Prospectus to attract an investor and service provider.	Due to commence 2027/2028	Manager Economic Development
1.2.3.	Develop a CBD Accessibility Strategy in partnership with the Esperance Chamber of Commerce and Industry.	Due to commence 2028/2029	Director External Services
1.2.4	Complete a 4-yearly review of the Disability Access and Inclusion Plan to continue to meet universal access and inclusion standards across Shire facilities and services.	Due to commence 2029/2030	Director External Services

Community Health and Wellbeing

Action Code	Action Name	Comments	Responsible Officer Position
2.1.1.	Implement the Public Health Plan to protect, promote and enhance the health, wellbeing and quality of life for the Esperance community.		Manager Development Services
2.2.1.	Support Esperance Hockey Association with synthetic pitch development project.	The remaining kerbing a concrete works currently in progress.	Director Asset Management
2.2.2	Provide a third soccer pitch at the Greater Sports Ground	Installation of the reticulation currently inprogress.	Director Asset Management
2.2.3.	Develop a gym redesign concept plan for the Bay of Isles Leisure Centre.	Waiting on concept designs.	Manager Recreation and Culture

Community Safety and Resilience

Action Code	Action Name	Comments	Responsible Officer Position
3.1.1	Roll out Stage 5 of the CCTV Strategy, including Dempster Street, Forrest Street and Hicks Street.	Due to commence 2028/2029	Manager Projects and Buildings
3.2.1.	Host a pop-up community event to offer cat and dog microchipping to encourage owners to microchip their pets.	Additional Ranger microchipping training is scheduled for late October, supporting future event delivery capacity. Planning is underway with the Coordinator Ranger Services to determine whether the existing grant opportunity can supplement the proposed event and support follow-up animal welfare services.	Manager Ranger & Emergency Services

Action Code	Action Name	Comments	Responsible Officer Position
		A meeting with Swan's Vet is proposed for 16 October to confirm interest, delivery capacity and standardised fees. The outcome will inform whether an application is submitted to the DPIRD Animal Welfare Grant Program (2027/28) to support low-cost microchipping, registration and sterilisation services. Any assistance with Shire registration fees, including a possible event-specific fee waiver, are being considered separately.	
3.2.2.	Update the Shire's Cat Local Law 2024 to include cat containment requirements to protect native wildlife (if the State Government changes the Cat Act 2011), and update communications.	The State Cat Act reform continues to be monitored. The Bill has passed the Legislative Assembly and remains before the Legislative Council. If enacted, it will provide authority for local governments to introduce full or conditional cat containment requirements, including curfews and requirements for containment or under effective control while away from their home premises. The Shire's existing Cat Local Law already addresses nuisance and cat prohibited areas. Initial review and consultation will focus on the appropriate scope of any additional containment requirements, sensitive area controls, and the impact implementation will have on the Community, and Shire application. Benchmarking remains limited while State model local law and guidance are developed. Council briefing and community engagement options will follow once the final framework is available.	Manager Ranger & Emergency Services
3.2.3.	Complete proposed improvements to Wildcherry Dog Park, including lighting and dog agility equipment.	Due to commence 2027/2028	Manager Parks & Environment

Action Code	Action Name	Comments	Responsible Officer Position
3.3.1.	Partner with traditional custodians to develop a cultural burning trial program.	Progress this reporting period was limited while the Manager Ranger & Emergency Services and Bushfire Risk Mitigation Coordinator were on leave. Further internal engagement and scoping are still required to clarify governance arrangements and the Shire's approach before further engagement with ETNTAC and consideration of a cultural burning trial.	Manager Ranger & Emergency Services
3.3.2.	Review the Bushfire Risk Management Plan.	The Bushfire Risk Management Plan (BRMP) content has been finalised following consultation with landholders, stakeholder agencies, Bush Fire Brigade volunteers and the Bush Fire Advisory Committee. Remaining work is limited to formatting, targeted content reduction and incorporation of supporting visuals. The final version is scheduled to be provided to the CEO for endorsement by 21 October, allowing one week to address any feedback before Office of Bushfire Risk Management (OBRM) submission, targeted for 28 October ahead of the deadline. OBRM review is expected to take at least four weeks following submission. Subject to OBRM endorsement and no material amendments, the BRMP will be scheduled for Council approval at the December or January OCM, depending on the review timeframe and agenda deadlines.	Manager Ranger & Emergency Services

3.3.3.	Install cover for rural community dams to reduce water evaporation.	Covers installed on Cascade and Scaddan Dams, through a DWER program.	Director Asset Management
3.3.4.	Install tank connection points to the Grass Patch community dam to allow connection to the two water supply tanks.	More clarifications sent through to DWER regarding the project funding applications.	Director Asset Management
3.3.5.	Investigate operational and fire water sources with bores east and west of Esperance.	Test bore holes have been drilled around the Coomalbidgup area. These will be further investigated. Operational water storage tanks have been installed on Merivale Road near the intersection of Dunns Rock Road, these tanks will be used for water storage for the Merivale Road Upgrade Project. The storage tanks are mobile so they have the ability of be moved to other operational projects in the future.	Manager Parks & Environment
3.3.6.	Work with the Water Corporation and Department of Water and Environmental Regulation to improve sewerage treatment and expansion of the recycled water network for Esperance townsite.	Continued to advocate for the upgrade sewerage treatment upgrade.	Director Asset Management

A Sense of Identity and Belonging through Culture, Heritage and the Arts

Action Code	Action Name	Comments	Responsible Officer Position
4.1.1	Develop a Cultural Inclusion Plan to grow understanding and respect for diverse cultures and outline how the Shire will ensure community facilities and services are accessible and welcoming for all cultures.	Officers are developing an engagement plan that gets to the heart of “Community Belonging”.	Community Development & Events Manager

Action Code	Action Name	Comments	Responsible Officer Position
4.1.2	Provide an Aboriginal Heritage Agreement to guide respectful consultation between the Shire and traditional custodians.	Consultation has commenced with ETNTAC around the development of an Aboriginal Heritage Agreement.	Manager Parks & Environment

BAU1.1.1	Community Development	Ongoing.	Community Development & Events Manager
BAU1.1.2	Esperance Home Care	This first quarter of the year is seeing a downturn in the number of service hours undertaken by our support staff. We have had a number of our long term clients leave us and are finding that although we have more clients joining they are not using as many service hours. This is partly due to the funding being insufficient to support similar service hours as previously provided. We are anecdotally finding that we have less referrals at the present time. I have never kept stats on this but could look at this to see if there is a trend. Lower hours and constant change does wear thin on staff and we are finding that what might have been a	Manager Aged Care & Disability Services

Action Code	Action Name	Comments	Responsible Officer Position
		small issue is becoming the straw that breaks. All areas of the department are feeling this - alongside the cost of living pressures that are impacting many. Providers are being painted as the cause of Support at Home issues and this is difficult to carry when we have no control over the overall issues with the system and no apparent way to advocate. The Manager is attending a Government run conference in October - it will be interesting to see if we get listened to there.	
BAU1.1.3	Bay of Isles Leisure Centre		Manager Recreation and Culture
BAU1.1.4	Esperance Civic Centre	Civic Centre Bookings and Attendees for this Quarter: DPIRD x2- 55 Melbourne International Comedy Festival- 200 Morning Melodies x2- 60 Winter Wonderland- approx. 4000 Hellfire String Ensemble x7- 70 AgCommunicators Training- 25 SEPWA EFOM Information Morning x2-150 Esperance Christian Family x7- 400, Michael Jackson Tribute Show- 303 Wongutha Caps Ball- 100 Shore Break- 12 ESHS School Production- approx 600 across the week and 2 performances Hellfire Hot Sauce- 2 Sweet Caroline Tour- 276 RAC Road Smart Event ~ 200 EACS Founders Day- ~350	Civic Centre Coordinator

Action Code	Action Name	Comments	Responsible Officer Position
		Comedy Gold- 70 EDFA Hepburn Medal- 270 Converge Welcome Dinner- 60, and Conference- 120 SOE Managers, Supervisors and Coordinators Meeting- 50 FIFO (Performance)- 36 Sounds of Esperance- Schools Concert- 300, Evening Concert x2- 800 Stitch in Time Youth Health Forum- 300 Djilba Wildflower Festival- ~2140 across 5 days 16 bookings were in the Reception Room, 7 in the Foyer, 1 in the Commercial Kitchen and 16 in the Auditorium. Morning Melodies were held twice this quarter with 33 attendees in July and 27 in August. There was no Morning Melodies held in September as Sounds of Esperance was held and free entry was offered to the schools concert for the usual Morning Melodies audience. The Civic Centre supported this year's SoE Winter Wonderland Event and the Djilba Wilflower Festival across the whole complex, the latter running for 5 days and both were free events open to the public (venue and staff in kind for the Wildflower Festival). The venue and staff were also provided in kind for Converge Esperance and Sounds of Esperance.	

BAU1.1.5	Esperance Public Library	The quarter started with an influx of community members seeking assistance with the State Government's fuel subsidy program. To date the Library has supported 886 claims, mostly distributing the claim forms. The census in August also saw increased enquiries and we hosted a Census pop-up information session. In August our librarians attended a 2-day SPARK industry conference and attended the meeting and AGM for Public Libraries WA and also met with State Library WA (SLWA) staff and explored the SLWA community languages collection. We also hosted the third and final visit of Professor Philip Hider of Charles Sturt University who is researching 'The Role of a Public Library in a changing Rural Australia'. Esperance is one of six rural libraries involved in the research. The quarter was dominated by our relocation to the Noel White Building. Preparations included planning the layout of the collection, technology and library spaces as well as the back-of-house functions. We hosted two 'Farewell to Windich St Library' events in our final week: a morning tea for volunteers, staff and ex-staff and a community afternoon tea and activities. The relocation was a mammoth undertaking by local trades and Shire Staff including all the Library staff. It was a huge team effort to relocate with the library only closing for a two-week period. Many Library services were kept functioning for the duration of the closure including our JP service, fuel payment forms, daily	Library & Culture Coordinator

		newspapers and the Home Library service. We also manned a Library enquiries desk and printing service for 2 hours each weekday at the Shire admin reception area. The move also meant we took delivery of upgraded public PC's and now have 3 operational PC's for community use. The Princh program was installed on them which has allowed greater scope for self-service and self-payment. Staffing changes also allowed us to re-visit our opening times to coincide with our move. Once we re-opened we commenced opening from 10am until 3pm on Saturdays (it had been 9am until noon). This change was based upon visitor demand. The two-hour increase of opening hours allows us to now meet the SLWA expectation of a Tier One Library being open for 40 hours per week under the Tiered Model Framework.	
BAU1.1.6	Esperance Museum	Volunteer support for front-of-house operations remained generally adequate throughout the quarter. However, volunteer availability fluctuated considerably, resulting in a significant number of roster amendments. A total of 26 roster changes occurred during the quarter, with seventeen of these changes occurred in September alone. The high number of late roster changes placed additional pressure on staff resources, requiring increased coordination and coverage to maintain public opening hours and visitor services. The Museum welcomed five school group visits during September, providing students with opportunities to engage with local history, heritage and collection-based	Cultural Officer

		learning activities. Preparation for the Museum's 50th anniversary in October progressed significantly during the quarter, with a strong focus on community participation and content development. The 50 Voices for 50 Years oral history project was launched and promoted across the community. Nominations were received, interviews scheduled, and recording commenced. To date, 20 community members and 8 volunteer interviews have been conducted. While the project has required a substantial commitment of staff time and resources, it has generated valuable content and strengthened the Museum's local history collection. Preparations were also completed for the 50 Things exhibition, which was installed ahead of the October school holidays as part of the 50th anniversary program. The exhibition showcases a diverse selection of objects that reflect the stories, people and experiences that have shaped Esperance over the past 50 years. In addition, the You've Got Mail: Esperance 2076 community letter-writing project was established and promoted. The initiative encourages participants to share stories, memories and hopes for the future, creating a time capsule for future generations.	
BAU1.1.7	Volunteer Resource Centre	We locked in a new venue (Esperance Lotteries House) and have been gearing up for the move. Staff have minimised what we store at the Library, relying on our Noel White space for the interim to ensure a speedy move once we receive the keys. It is peak reporting time so the Coordinator has been busy collating stats for the Department of Communities.	Volunteer Resource Centre Coordinator

BAU1.1.8	Esperance Skate Park	Budget to rewire and replace the lights included this year.	Director Asset Management
BAU1.1.9	Ranger Services	Ranger Services received 276 customer requests during the reporting period. Animal management matters accounted for 206 requests, or 75% of demand, including 88 roaming dog reports. Additional request types presenting with higher volume included 24 illegal dumping reports, 15 local-law and regulatory matters, and 10 fire-hazard matters. A total of five unauthorised camping complaints were received, reflecting observed visitor numbers and an increased community awareness. Ranger recruitment is continuing, with nine candidates interviewed for the full-time Ranger position, with an approval to recruit for seasonal assistants commencing October to support compliance during the summer camping period. The risk-based firebreak inspection program has commenced, with 166 properties allocated to Rangers, and 26 inspections completed in the first week, representing 10% of last year's total inspection volume. Further firebreak-module enhancements are progressing to improve allocation, field inspections, evidence capture and reporting. The DPIRD Animal Welfare Grant was acquitted for the period. Booking requests for supported services significantly exceeded available places, demonstrating strong community demand. Planning for the next grant round will consider an increased allocation to reflect the service volume.	Manager Ranger & Emergency Services

Planet

A Healthy and Sustainable Natural Environment

Action Code	Action Name	Comments	Responsible Officer Position
5.1.1.	Collaborate with key partners to restore, revegetate and protect priority Shire conservation reserves.	Winter restoration programs have been completed.	Manager Parks & Environment
5.1.2	Implement the revised Coastal Management Plan to manage and protect Shire managed coastal reserves.	The Environmental Services Team in Asset Management are continuing with the review. A briefing session was undertaken with Council. Consultation is underway with key stakeholders and detailed site assessment are currently being completed. Public consultation will commence shortly. Works are continuing at Tjaltjraak Boodja Park with ETNTAC as part of the Coastwest DPLH Grant. Options to repair and reinstate stair access to West Beach, Observatory Beach and 10 Mile Lagoon are being investigated.	Manager Parks & Environment
5.1.3	Work with the Department of Biodiversity, Conservation and Attractions to leverage community benefits from the implementation of the South Coast Marine Park.	No further updates at this time.	Chief Executive Officer
5.1.4	Seek Government funding and support for the recovery of Lake Warden and Pink Lake wetland systems to restore the ecological health and value of the RAMSAR wetlands.	Future funding opportunities will be investigated. The Shire has sent a letter to the State and Federal Government requesting the project to be considered for funding.	Manager Parks & Environment

BAU2.1.2	Environmental Health		Manager Development Services
BAU2.1.3	Emergency Services	This period, Emergency Services maintained operational response duties and commenced seasonal preparedness, recording 14 incidents during the quarter, including crash and fire-related events. The team also supported the Ranger team through providing advice relating to DPIRD's Level 2 H5 avian influenza response, surveillance, reporting and local coordination. Preparations for the fire season included officer appointments, permit and compliance arrangements, volunteer training, and fleet, equipment and facility checks. The online Permit to Burn portal is operational on the Shire's website, and digital fault and servicing reports are being developed. Broader mitigation activities included addressing outstanding firebreak compliance matters, the River	Manager Ranger & Emergency Services

Action Code	Action Name	Comments	Responsible Officer Position
		Road, Cascade prescribed burn, and ongoing engagement with DevelopmentWA on suitable firebreak and access improvements near local infrastructure. Emergency Services staff further provided risk data across the Shire district to support the initial planning of Ranger Services' seasonal firebreak inspection program. Brigade engagement remained consistent, including updates on facility works that remain underway. The proposed Starlink rollout is nearing completion for the year, with a continued focus on improving volunteer safety, and strengthening communication in remote locations. The fuel-supply disruption reported in March 2026 continues to be monitored, although the flow-on effect on local contractors cannot yet be fully assessed. Recruitment of administrative support and drafting of a Cooking, Campfire and Recreational Fire Policy requested by brigades will progress in coming months.

BAU5.1.6	Risk Management	Emergency Management Committee currently being set-up. First Aid and Fire officers being appointed.	Chief Executive Officer
BAU5.1.7	Information Services	IT Department has been supporting the P2P Stage 2 go-live and Authority E-Forms. We have engaged with Cohesis to conduct a market review of ERP products and suitability for the Shire of Esperance. We launched online Permit to Burn applications through our GIS system. Authority Firebreak register and workflow has been reworked and currently being tested and reviewed by Rangers. Automated HR Performance review documentation rollout. IT has been heavily involved in the relocation of EVRC and Library during this period. Records have been currently working through document destructions and BAU.	Manager Information Services
BAU5.1.8	Tenders and Contracts	Prequalified supplier panels and supply contracts for the 26/27 year have been awarded.	Director Asset Management
BAU5.1.9	Media Relations	This quarter, the Media Team continued to help keep our community informed, connected and confident in the work of the Shire. We shared timely information across multiple channels, ensuring residents could access updates in ways that suited them. Latest News Highlights. Between July and September, the team produced and published 31 news articles covering a broad range of topics, including community safety, major projects, local events, grants, planning initiatives, environmental programs and community consultation opportunities.	Manager Marketing & Communications

Action Code	Action Name	Comments	Responsible Officer Position
		Key stories included: - CCTV upgrades to strengthen community safety - Council support for future housing development - Flinders Estate community consultation - Community grants and volunteer initiatives - 2026-27 Budget adoption - James Street Cultural Precinct updates - Firebreak season preparedness - Waste and recycling education - Town Ward vacancy election information - Museum and Library transition updates These stories helped provide clear, accessible information while encouraging community participation in decisions and initiatives shaping Esperance's future. Supporting Accurate and Timely Media Coverage Media interest remained steady throughout the quarter, with coverage focusing on topics including the new artificial reef, Community Grants, Museum 50th Anniversary, Youth Volunteers, Flinders Estate Consultation, 26/27 Budget, stadium opening, land development, and prepping for fire season. During the reporting period: • 18 media enquiries were managed • 98 media questions were coordinated and answered • 22 radio interviews were conducted Interviews covered a variety of topics including youth volunteering, community events, planning projects, heritage celebrations, library and museum updates, bushfire preparedness and community safety	

Action Code	Action Name	Comments	Responsible Officer Position
		initiatives. Strong collaboration between journalists, Shire staff, elected members and community volunteers helped ensure information shared with the public was accurate, timely and relevant. Our monthly Media Hub Meetings continue to provide an important opportunity for regional and metropolitan media representatives to engage directly with the Shire President and CEO following Council meetings. These sessions support transparency, strengthen relationships and improve understanding of key Council decisions and community outcomes. Expanding Reach and Visibility The Shire featured prominently across print, radio and online media throughout the quarter, generating: • 98 media stories • A combined audience reach of more than 973,000 people • An estimated editorial value of $558,956 This strong level of coverage helped raise awareness of Shire services, projects and community initiatives while reinforcing the Shire's role as a trusted source of local information. Advertising and Community Awareness To support communication across the organisation, the Media Team developed and coordinated 23 advertisements during the quarter. Advertising promoted community events, public	

Action Code	Action Name	Comments	Responsible Officer Position
		notices, service updates and regulatory information through state publications and digital channels, helping residents stay informed about opportunities, responsibilities and important local developments. Overall, Media Relations continued to play a key role in informing the community, enabling access to important information and empowering residents to engage with programs, projects and decisions that shape the future of Esperance.	
BAU5.1.10	Corporate Reporting	2026/2027 reporting items set up in Pulse. Awaiting completion of performance reviews prior to updating staff KPIs in the system. Pulse refresher training was held in September, with positive feedback received from the 7 staff who attended. An additional session will be scheduled for November. Currently reviewing strategic plan website page to show all strategies and plans of the Shire in one place for ease of reference. Changes will be sent to the management team for review shortly. Annual report has been drafted and provided to Marketing Team for development of the publication.	Governance & Corporate Support Coordinator

Executive Summary
For Council to endorse the Shire of Esperance Communications & Engagement Strategy 2026-2030. The Strategy responds to community feedback and the unique characteristics of the Esperance district. It provides a practical framework to support staff, elected members and project teams in communicating and engaging consistently across all activities.

Recommendation in Brief
That Council endorses the Shire of Esperance Communications & Engagement Strategy 2026-2030.

Background
The Communications & Engagement Strategy has been developed to strengthen how the Shire communicates and engages with the community. The Strategy is informed by community feedback, including the MARKYT Community Scorecard and Shape Esperance "Tuned In" survey, which highlighted the importance of clear, accessible and timely information, meaningful community participation, and transparency in decision-making.

The Strategy also recognises the unique characteristics of the Esperance district, including its vast geographic area, dispersed rural and townsite communities, diverse stakeholder groups, and seasonal population fluctuations. These factors influence how information is shared and how people engage with the Shire, requiring a flexible and inclusive approach.

The Strategy provides a practical framework to guide communication and engagement activities over the next four years, ensuring a consistent, community-focused approach that supports a well-informed and engaged community. Its goals are to improve information accessibility, strengthen community participation, enhance transparency and trust, and increase awareness of the Shire's services, projects and advocacy activities.

Officer’s Comment
The Communications & Engagement Strategy establishes a clear framework for communication and engagement across the organisation. It responds to community feedback and aligns with the Shire’s strategic objective of fostering a well-informed and engaged community.

Adoption of the Strategy will support timely and accessible communication, encourage meaningful community participation, and strengthen transparency, trust and understanding between the Shire and the community.

Introduction & Strategic Context

The Shire of Esperance is determined to keep the community informed and giving people genuine opportunities to have a say in the decisions which shape the region.

Council Plan 2026-2036
Outcome11: A well informed and engaged community

This Communications & Engagement Strategy sets out how the Shire will deliver clear, consistent, and effective communication and engagement over the next four years. It provides a practical framework to support staff, elected members, and project teams in communicating and engaging consistently across all activities.

Why Communication & Engagement Matters

Building trust, helping people to make informed decisions and making sure the community understands and can take part in matters which affect them such as services, infrastructure, planning and major projects, depends greatly on communication and engagement.

Effective communication and engagement help the Shire to -

- Make sure that the information is clear, given out in a timely manner and easily accessible.
- Encourage a sense of shared responsibility, community pride, and active participation.
- Enable meaningful two-way conversations.
- Take account of local knowledge when making decisions.
- Build community confidence in the Council's decisions.

Vision & Values in Practice

The aim of the Shire is that the Esperance district should become a growing and prosperous community, a place which is healthy, inclusive, active and safe for its residents, businesses and visitors.

Good communication and engagement achieve this vision by -

- Helping the Shire understand the community's direction and priorities and vice versa.
- Encouraging members of the community and businesses to take part in decisions that affect the region.
- Working together to build a shared sense of purpose and progress.

The Shire's values guide how communication and engagement are delivered in practice.

Professionalism means providing clear, prompt, and reliable communication to gain trust from the public
Respect means actively listening to diverse views and ensuring all voices are considered when making decisions.
Integrity means communicating honestly and transparently, even on difficult or unpopular issues
Dedication means committing to intentional, accurate communication that is easy to understand, respected, and engaging.
Excellence is reached by establishing solid strategic foundations and messages which promote mutual understanding and trust.

These values make it clear what is expected of the Shire's dealings with the community, and in turn fosters trust, respect, and a manner that is transparent and community-oriented.

Community Insights

Recent community feedback, including the MARKYT Community Scorecard and Shape Esperance "Tuned In" survey, highlights a clear and consistent message -

- The community wants information that is simple, timely and easy-to-find.
- There is a strong preference for a mix of channels, including digital, print and face-to-face.
- Residents place a high value on being involved early and receiving clear explanations of decisions.
- The Shire needs to reduce confusion and misinformation, particularly on complex or high-profile issues.

Importantly, the Shire's geography presents a unique challenge. While most residents reside in the Esperance townsite (6450), a smaller but important proportion of the community is dispersed across a large area, therefore requiring a flexible and inclusive engagement approach.

Image credit: The Wandering Stone

Strategic Alignment

This Strategy supports the Shire's Council Plan 2026–2036 (the Plan), particularly Outcome 11: *building a well-informed and engaged community*.
It aligns with the Plan's 5 Ps framework and contributes to broader organisational goals by -

- Improving communication clarity and consistency.
- Strengthening community participation.
- Supporting transparent and accountable decision-making.

FRAMEWORK	COMMUNICATION & ENGAGEMENT FOCUS	KEY STRATEGY ALIGNMENT / INITIATIVES
People	Building stronger community connection, participation and inclusion	• Audience segmentation framework • Community engagement planning • Inclusive and accessible communication approaches • Youth, family and older community engagement initiatives
Planet	Supporting environmental awareness, sustainability and long-term community understanding	• Myrup Waste Management Facility / FOGO communication and education • Behaviour change communication • Accessible content and community education initiatives
Place	Strengthening local identity, livability and place-based connection	• Community storytelling and place-based promotion • James Street Cultural Precinct engagement • Town Shire and Rural Shire engagement approaches • Activation of local venues and community spaces
Prosperity	Supporting economic development, regional advocacy and local business connection	• Strategic advocacy communication • Partnerships with Chamber of Commerce and major employers • Promotion of local initiatives and opportunities • Communication support for infrastructure and regional development projects
Performance	Strengthening organisational capability, transparency and continuous improvement	• Governance and measurement framework • Functional delivery roadmap • Improved digital communication and accessibility "You said / We did" reporting and communication standards • Ongoing training in Engagement Institute for key staff involved in community engagement projects

Resourcing and Implementation

This Strategy provides a general framework for directing the organisation's communication and engagement activities.

Where needed, communication and engagement plans will be developed for individual projects and initiatives. The methods of delivery will be matched to the resources available, organisational priorities, and the capacity of staff.

Strategic Goals

The following goals will guide our communication and engagement over the next four years, and we will apply a consistent approach to deliver them.

GOAL	WHAT THIS MEANS IN PRACTICE
Improve clarity and accessibility of information	• Use plain English. • Consistent formats. • Ensure information is easy to find across channels.
Build trust and confidence in the Shire	• Provide timely updates. • Consistently report back on outcomes ("You said / We did").
Enhance transparency and understanding of decisions	• Clearly explain decisions, including constraints and trade offs.
Strengthen community participation in key decisions and projects	• Engage early. • Use a mix of engagement methods. • Provide clear opportunities to have a say.
Visibility of advocacy work	• Coordinate advocacy approaches. • Improve how progress is communicated to the public.
Increase consistency across communication and engagement	• Apply shared standards, templates and processes across all teams.
Apply a community centred approach	• Use segmentation to understand different community needs and tailor our approach accordingly.

Our Community & Priority Audiences

Understanding Our Community

The Shire of Esperance serves a diverse community spread across a wide geographical region. Although the majority of people live in the Esperance township (6450), a smaller population are spread across rural and remote areas. This distribution creates an ongoing challenge in making sure all residents have access to information, services, and the opportunity to participate.

Residents experience the Shire differently based on life stage. Younger residents, working-age families, and older community members have distinct priorities, lifestyles, communication preferences, and participation barriers. Recognising these differences ensures communication and engagement approaches remain relevant, accessible, and responsive to all parts of the community.

The Esperance community also includes culturally diverse residents and Aboriginal community members, who are considered important across all audience segments rather than as standalone groups. Approximately 6% of households speak a language other than English at home, and around 4–5% of residents identify as Aboriginal and/or Torres Strait Islander (*ABS Census 2021*). These communities are an important part of the Esperance region and require inclusive, accessible and culturally appropriate communication and engagement approaches.

This Strategy is informed by a combination of inputs, including -

- MARKYT Community Scorecard: ongoing measure of community sentiment and priorities
- Shape Esperance "Tuned In" survey: channel preferences and communication feedback.
- ABS Census data and local demographic profiling
- Previous engagement activities and project learnings
- Staff and stakeholder insights
- Council workshop
- Empathy mapping workshop conducted as part of this Strategy

This combination of inputs gives a well-rounded understanding of the community's needs, behaviours and barriers, which forms a more targeted approach to communication and engagement.

Our Audience Segments

The Shire of Esperance community is diverse in terms of life stage, geography, lifestyle, access to services, and communication preferences.

To support effective engagement, the Strategy uses a segmentation framework based on two key dimensions -

- **Life stage:** recognising that younger, working-age and older residents often experience the Shire differently
- **Shire geography:** recognising the differing realities, access challenges and community dynamics between the Esperance township area and smaller rural communities

Aboriginal and culturally diverse communities are considered important across all segments rather than as standalone groups.

TOWN SHIRE	RURAL SHIRE	TOWN SHIRE	RURAL SHIRE	TOWN SHIRE	RURAL SHIRE
YOUNG ADULTS (16–25) 1,450 residents (11%)	**YOUNG ADULTS (16–25)** 180 residents (2%)	**WORKING AGE & FAMILIES (26–55)** 4,250 residents (33%)	**WORKING AGE & FAMILIES (26–55)** 1,250 residents (10%)	**OLDER COMMUNITY (55+)** 4,500 residents (35%)	**OLDER COMMUNITY (55+)** 1,050 residents (8%)
Digitally connected and socially influenced. Strong connection to recreation, lifestyle and peer networks. Seeking opportunities, inclusion and visible community action. Prefer informal, visual and easy-to-access communication.	Strong regional identity and independence. Balancing local ties with future education and career uncertainty. More reliant on informal and mobile communication channels. Need flexible and accessible engagement opportunities.	Balancing work, and family life. Strong connection to schools, sport and community life. Need practical, timely and locally relevant information. Value convenience, transparency and visible outcomes.	Balancing farming, rural work and family life. Strong community connection and resilience. Experience distance and service accessibility challenges. Prefer practical, localised and relationship-driven communication.	Deep ties to community and local identity. Value safety, health services and social connection. Prefer trusted, respectful and accessible communication. More likely to engage through traditional and face-to-face channels.	Long-standing ties to rural communities and regional life. Value independence, trust and strong local relationships. Increasing focus on ageing, healthcare and service access. Prefer personal, locally grounded and face-to-face communication.

Frameworks

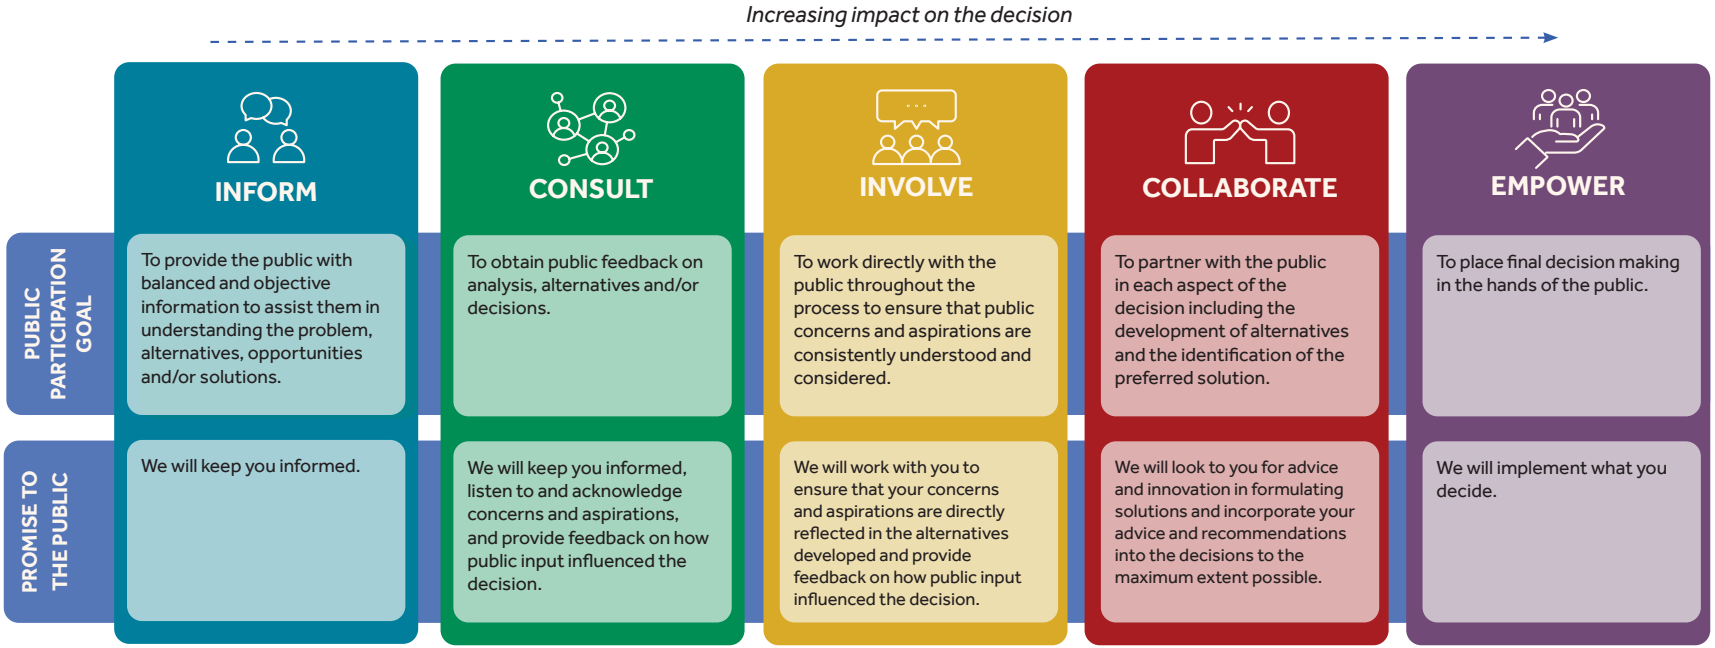

This section brings together audience insights and best-practice frameworks to guide practical, community-centred communication and engagement across the Shire.

Engagement Framework

The Shire uses the IAP2 Spectrum of Public Participation as a way of evaluating how the community is involved in different decisions and projects.

The level of engagement will vary depending on the nature and complexity of the project, the level of community interest or impact, and whether engagement is legislated or discretionary.

It isn't essential that all projects should call for a high level of engagement. What matters is selecting the appropriate level of engagement for each situation and being clear about that choice to establish realistic expectations.

		INFORM	CONSULT	INVOLVE	COLLABORATE	EMPOWER
TOWN SHIRE	YOUNG ADULTS (16–25)	• Short-form social content • Visual/video communication • Event-based updates	• Quick polls and surveys • Social media feedback • Interactive online engagement	• Pop-up engagement at events • Youth-focused workshops • Sport/community-based activities	• Partner with schools, clubs and youth groups • Co-design activities with young people	• Support youth-led initiatives • Enable peer-to-peer advocacy
	WORKING AGE & FAMILIES (26–55)	• Timely digital updates • Clear service/project information • Family-focused communication	• Practical online surveys • Feedback linked to local projects • School/community consultation	• Community drop-in sessions • Workshops linked to family priorities • Engagement at existing events	• Work with schools, sporting clubs and community organisations • Co-design local initiatives	• Support community-led events and projects • Encourage local champions and networks
	OLDER COMMUNITY (55+)	• Local newspaper and radio updates • Clear and accessible communication • Printed information where required	• Face-to-face discussions • Community forums • Telephone and written feedback options	• Small group discussions • Outreach through community groups • Local information sessions	• Partner with seniors groups and volunteers • Build ongoing community reference relationships	• Support community participation and advocacy • Encourage peer/community leadership
RURAL SHIRE	YOUNG ADULTS (16–25)	• Mobile-friendly communication • Social media and community noticeboards • Local sporting/event channels	• Short online feedback tools • Engagement through local networks • Informal digital input	• Engagement at sporting/ community events • Flexible participation options • Outreach through schools and clubs	• Work with youth, farming and sporting groups • Co-design local youth initiatives	• Encourage local youth leadership • Support community-led regional activities
	WORKING AGE & FAMILIES (26–55)	• Localised project updates • Practical service communication • Direct and reliable information	• Targeted consultation on roads/services • Flexible digital and in-person feedback • District-based engagement	• Community meetings in local districts • Engagement linked to existing gatherings • School/community-based activities	• Partner with farming, sporting and district groups • Collaborative regional planning discussions	• Support locally-led initiatives • Build regional community ownership
	OLDER COMMUNITY (55+)	• Printed updates and radio • Local community noticeboards • Direct communication channels	• Small local meetings • Phone and written feedback options • Outreach through trusted groups	• Face-to-face engagement in local districts • Community outreach visits • Trusted local facilitators	• Partner with local leaders and volunteer groups • Ongoing district relationships	• Support local advocacy and participation • Enable community-led regional priorities

Communications Matrix

Different audience groups access information, interact with the Shire and take part in community life in different ways. Effective communication needs more than channel choice; it also requires consideration of audience needs, communication preferences, accessibility, and the timing and relevance of messages.

The Communication Matrix serves as a high-level guide to the main areas of focus and priority channels for each audience segment, and it is meant to help the organisation deliver more targeted, audience-oriented communication while ensuring the right information reaches the right audiences through the appropriate channels.

The matrix does not prescribe specific tactics, campaigns, or messaging; rather, it is up to the project and operational levels to be responsible for their development, considering the features of the initiative, the communication objectives, and the community context.

	YOUNG ADULTS (16–25)	WORKING AGE & FAMILIES (26–55)	OLDER COMMUNITY (55+)
TOWN SHIRE	**COMMUNICATION FOCUS** Building awareness, participation and connection with younger audiences. **PRIORITY CHANNELS** Instagram and Facebook Sporting clubs and events Short-form video and visual content	**COMMUNICATION FOCUS** Sharing practical service information, projects and community initiatives. **PRIORITY CHANNELS** Facebook and eNewsletters Schools and sporting clubs Community events, local media	**COMMUNICATION FOCUS** Providing accessible information and maintaining trust and community connection. **PRIORITY CHANNELS** Local newspaper and radio Facebook Printed materials Community groups and noticeboards
RURAL SHIRE	**COMMUNICATION FOCUS** Strengthening regional connection and awareness of opportunities and services. **PRIORITY CHANNELS** Social media Sporting clubs and local events Schools and community noticeboards	**COMMUNICATION FOCUS** Delivering practical updates on services, infrastructure and regional priorities. **PRIORITY CHANNELS** Local community networks Facebook & Direct email Schools and sporting clubs District meetings	**COMMUNICATION FOCUS** Maintaining accessible and trusted communication across dispersed communities. **PRIORITY CHANNELS** Radio and local newspaper Community groups and noticeboards Direct and face-to-face communication

Decentralised Communication Delivery Model

The Shire communicates through a combination of centralised and decentralised methods, including corporate communication platforms, publications designed for particular services, social media accounts, and the various operational teams which interact with the community. This keeps communication closely tied to the organisation's specific services, facilities, programmes, and audience groups.

Current means of communication, such as newsletters, the social media accounts specific to each service, local facilities, community networks and the operational teams, are very important for contacting various audience groups and for enabling more targeted methods of communication.

This strategy is not attempting to centralise all communication activities. Rather, it wishes to improve coordination, consistency and alignment amongst the different channels through -

- Cross-promotion and channel integration.
- Greater collaboration between operational teams and the Communications & Engagement function.
- Clearer communication standards and accessibility principles.
- Stronger alignment to audience segments and communication objectives.
- Shared templates, planning approaches and governance processes.

This method recognises that effective communication throughout the Esperance region requires central coordination, along with local communication routes that are appropriate and closely linked to the services.

Strategic Enablers

The strategy development process identified opportunities to build on the Shire's existing communication channels, community relationships, and local knowledge to create a more connected, inclusive, and community-centred approach. While strong foundations exist, there is scope to further strengthen engagement with different audiences, leverage local partnerships and assets, and use a broader mix of engagement approaches and communication tools.

The strategic themes and initiatives described below are intended to enhance communication and engagement between the different communities within the Esperance region and to serve as the foundation for future development.

THEME ONE

COMMUNITY PARTNERSHIPS & TRUSTED NETWORKS

Strengthening relationships with local organisations, employers and community groups to expand communication reach and impact.

Key enabling initiatives

- Build stronger two-way relationships with community organisations and grant recipients.
- Leverage partner communication channels including Chamber of Commerce.
- Work more closely with major employers including Horizon Power, Water Corporation and Southern Ports.
- Develop community ambassador and advocacy opportunities.

THEME TWO

PLACE-BASED & ACCESSIBLE ENGAGEMENT

Designing engagement approaches that better reflect the geographic realities, accessibility challenges and differing participation needs across the Esperance region.

Key enabling initiatives

- Expand mobile and outreach-based engagement approaches across Rural Shire communities.
- Better utilise community facilities, halls and informal local venues for engagement activities.
- Improve transport accessibility to engagement sessions through initiatives such as community bus support.
- Increase youth-focused engagement through use of spaces such as skate parks and recreation areas.

THEME THREE

COMMUNITY-LEAD & EVENT BASED PARTICIPATION

Embedding communications and engagement into existing community life, events and trusted social environments to improve participation.

Key enabling initiatives

- Integrate engagement activities into existing community events.
- Develop stronger school and youth partnerships.
- Expand rural and district-based engagement events and activities.
- Use informal and social settings to encourage more approachable community conversations.

THEME FOUR

DIGITAL COMMUNICATION & INCLUSION

Improving digital communication capability while supporting groups with lower levels of digital confidence and access.

Key enabling initiatives

- Increase use of visual and explainer-style communication content.
- Explore text-to-speech, podcast and audio-based communication formats.
- Support digital confidence and accessibility initiatives for older residents.
- Better leverage informal digital communication networks and community messaging platforms.
- Establish content publishing process to ensure all Council content is AA rated according to Web Content Accessibility Guidelines.
- Use AI technology to create a better user experience.

THEME FIVE

CAPABILITY BUILDING THROUGH TRAINING & DEVELOPMENT

Strengthening staff capability through training, tools and external support to deliver more effective communication and engagement outcomes.

Key enabling initiatives

- Provide ongoing training in contemporary engagement practices to raise staff awareness of basic engagement principles.
- Develop and continuously improve practical planning tools, templates and guidance materials to support consistent delivery.
- Build staff capability in digital communication, engagement technologies and emerging tools.
- Encourage knowledge sharing, peer learning and continuous improvement across teams.

TOYOT

Supporting Major Shire Projects

This Strategy will guide communication and engagement across the Shire's major projects, planning initiatives and emerging community issues over the next four years. The audience insights, segmentation framework, communication channels and engagement approaches outlined throughout the Strategy will help support more targeted, transparent and community-centred project communication and engagement.

LEVEL	FOCUS
Myrup Waste Management Facility / FOGO	Support community understanding, education and behaviour change through clear, practical and accessible communication. Engagement approaches should focus on simplifying complex information, building trust and supporting long-term community adoption.
James Street Cultural Precinct	Build community awareness, participation and local ownership through creative, place-based and community-led engagement approaches. Strong opportunity to engage younger audiences, families, local businesses and community groups.
Council Plan & Strategic Planning	Use targeted and inclusive engagement approaches to support broad community participation in long-term planning and Shire priorities. Focus on transparency, representation and clearly communicating how community feedback informs decision-making.
Roads Program & Infrastructure Works	Make sure that the information about infrastructure projects, disruptions, and service impacts is timely, practical, and relevant to the local area and that communication addresses the various needs of both the Town Shire and Rural Shire communities.
Strategic Advocacy on Major Issues	Promote awareness among the community of the Council and Shire's advocacy with regard to major regional issues such as housing, airline services, aged care, healthcare, telecommunications, and road safety. The communication should emphasise the Shire's role as a prominent and active regional advocate and should pass on to the community any advances and outcomes.
Emerging Priorities & Unplanned Issues	The Strategy provides a flexible framework allowing a response to new projects, operational problems, and changing community expectations via clear, timely, and community-oriented communication and engagement.

Image credit - The Wandering Stone

Functional Delivery Roadmap

The roadmap sets out the priority steps for the Shire's communication and engagement function over the coming years. While the Strategic Enablers look at the bigger picture, the roadmap focuses on the practical delivery streams, initiatives and areas of operational focus that will be gradually strengthened over time.

The roadmap is structured around four functional themes -

Let's Chat
Strengthening community engagement, participation and two-way communication

Let's Share
Improving storytelling, visibility and celebration of community outcomes and local initiatives

Let's Connect
Enhancing digital communication, accessibility and online participation

Let's Advocate
Increasing visibility of advocacy priorities, leadership and regional partnerships

The roadmap will be flexible and able to account for changing priorities, operational demands, and developing community expectations.

	LET'S CHAT	LET'S SHARE	LET'S CONNECT	LET'S ADVOCATE
YEAR ONE Strengthen Foundations	• Create and rollout "You Said/We Did" reporting for major engagement activities. • Embed engagement planning requirements at the start of each project planning process.	• Improve the stakeholder database to support more targeted communication. • Update project plan templates to include clear engagement responsibilities and how decisions will be made.	• Investigate the implementation of AI bot on the website for a better user experience.	• Develop communication plans for each advocacy priority, improving visibility of advocacy activities.
YEAR TWO Expand & Extend	• Expand engagement activities across the district and in local communities. • Implement audience segmentation and targeted communication approaches. • Review and update engagement planning calendar and improve stakeholder information. • Deliver annual engagement and communication training for project leads and managers. • Allocate resources to increase participation opportunities for under-represented groups. • Review Shire procedures/guides on customer communications and engagement. • Add to Pulse appropriate tasks to report on engagement and communication outcomes each quarter. • Standardise community feedback reporting across major projects.	• Formalise a calendar / plan for the promotion of local projects, partnerships and community achievements.	• Review online engagement tools and how people are engaging. • Create tutorial videos showing how to use the online engagement platform and website.	• Strengthen regional partnerships and communication about advocacy priorities.
YEAR THREE Integrate & Enhance	• Review targeted engagement planning of major projects and planning initiatives. • Ensure engagement planning requirements are applied consistently from the start of each project. • Use participation data and stakeholder insights to guide engagement planning. • Report on planned engagement and feedback and how it has informed project decisions.	• Combine storytelling into engagement activities and project delivery.	• Strengthen digital engagement and increase online participation. • Introduce an AI chatbot on the website to improve the user experience.	• Increase visibility of advocacy outcomes and regional priorities.
YEAR FOUR Optimise & Evolve	• Review engagement effectiveness and participation trends across the community	• Continue evolving community storytelling and celebrate what makes our community unique. • Update engagement planning tools, templates and guidance materials based on lessons learned.	• Review digital channel effectiveness and emerging communication opportunities.	• Refresh advocacy priorities and strengthen leadership visibility and trust

ONGOING

- Keep improving engagement planning tools, templates and guides.
- Make digital information easier to understand, use and access, and improve how we publish content and have people participate online.
- Start sharing stories about community results and project progress.
- Improve how we measure and report on engagement and communication.
- Create more explainer videos on Shire roles and services, and tailored email updates.

Governance, Measurement & Continuous Improvement

Teams and service areas within the organisation handle communication and engagement. This decentralised approach means we have strong expertise and trusted links to the community. Governance helps keep our communication coordinated, consistent and aligned with the Strategy's goals.

The approach set out is practical and can be used when planning, carrying out, measuring and continuously improving communication and engagement activities.

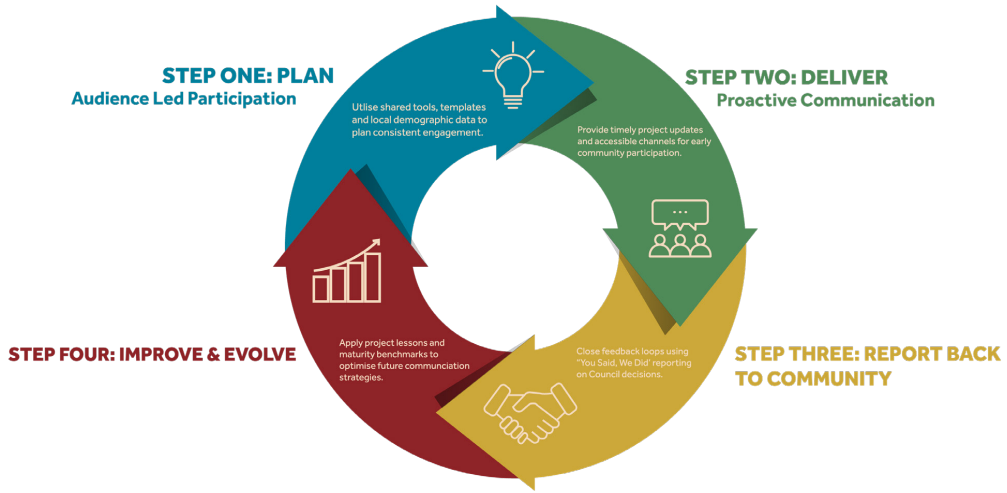

Roles & Responsibilities

Defining roles make it possible to carry out communication and engagement effectively throughout the organisation.

ROLE	RESPONSIBILITY
Media & Communications Team	Set standards for communication and engagement. Work with Service Areas, Project Teams and Subject Matter Experts to create plans, coordinate messaging, choose the right tools, provide advice and support, measure and improve activities. Identify any training needs.
Service Areas / Project Teams / Subject Matter Experts	Plan and deliver communication and engagement activities that align with their events, programs and services. Work with the Media & Communications Team to create plans, carry out activities and report on outcomes.
Executive	Provide oversight and ensure alignment with strategic priorities and appropriate resources.
Elected Members	Represent community perspectives and support communication of key decisions. Take part in community engagement activities.

Planning & Delivery Cycle

Communication and engagement activities will follow a consistent, practical cycle:

This cycle applies across -

- Ongoing communication activities.
- Project and engagement activities.
- Community-level communication and participation initiatives.

The aim of the cycle is to enable clearer planning, improve the reporting back to the community, and promote continuous ongoing improvement.

Image Credits - The Wandering Stone

Measurement Framework

Measurement should support practical decision-making and ongoing improvement rather than be used merely to track activity.

The framework operates across three levels -

LEVEL	FOCUS
Community-Level Measures	Long-term community perceptions, awareness and trust.
Channel-Level Measures	Effectiveness of communication channels and reach.
Project & Engagement Measures	Participation, representation and quality of engagement activities.

Appendix A gives a more detailed explanation of the key metrics.

The bi-annual MARKYT Community Scorecard will remain important for measuring broader community perceptions and strategic outcomes over time.

Continuous Improvement

This strategy is meant to develop in light of community feedback, changing priorities and evolving communication needs, and this will be aided by -

- Regular review of communication and engagement activities.
- Insights from measurement and community feedback.
- Learnings from projects and engagement processes.

This approach will help to make sure that the communication and engagement activities remain relevant, practical, responsive and focused on the community.

APPENDIX A

Detailed Measurement Matrix

Appendix A

Detailed Measurement Matrix

1. Community-Level Measures (Strategic Outcomes)

These measures give a long-term perspective on how communication and engagement are performing across the wider community. They help assess whether the Shire is increasing trust, improving awareness and strengthening community connection over time.

The review of community-level measures should mainly be carried out using the MARKYT Community Scorecard, major community surveys, and the periodic strategic engagement activities.

MEASURE	WHAT IT TELLS US	STRATEGIC ALIGNMENT
Community satisfaction with communication	Whether communication is clear, accessible and useful	Clarity and accessibility
Awareness of Shire projects and initiatives	Whether important information is reaching the community	Awareness and participation
Perception of transparency and trust	Confidence in the Shire's communication and decision-making	Trust and accountability
Community sense of inclusion and representation	Whether different parts of the community feel heard and considered	Inclusion and participation
Awareness of engagement opportunities	Whether residents know how and when they can participate	Engagement visibility

Key Principle

Community-level measures should focus on trends and strategic outcomes over time, rather than short-term fluctuations or the 'squeaky wheel'.

Appendix A

Detailed Measurement Matrix

2. Channel-Level Measures (Communication Effectiveness)

These measures are used to evaluate the effectiveness of the communication channels, the content, and the extent of audience reach. They enable one to determine which channels are working well, where the audiences are engaging, and where improvements to the communication methods may be needed.

MEASURE	WHAT IT TELLS US	STRATEGIC ALIGNMENT
Website traffic and page engagement	Whether audiences are accessing key information	Visits, time on page, project page engagement
Social media reach and interaction	Visibility and audience engagement with content	Reach, shares, comments, saves
Email engagement	Effectiveness of direct communication channels	Open rates, click-through rates
Content engagement trends	Which communication formats resonate most strongly	Video views, explainer content performance
Channel accessibility and usability	Whether communication is easy to access and understand	Accessibility reviews, user feedback

Key Principle

Channel-level measures should be designed to allow for continuous optimisation and learning, not to set strict performance targets.

Appendix A

Detailed Measurement Matrix

3. Project & Engagement-Level Measures (Participation & Quality)

These measures evaluate both the effectiveness and inclusiveness of separate communication and engagement activities. They help determine whether the right audiences are being reached and whether participation is meaningful and representative.

MEASURE	WHAT IT TELLS US	STRATEGIC ALIGNMENT
Participation levels and reach	Overall level of community involvement. Level of survey fatigue	Attendance, submissions, survey participation
Representation across audience segments	Whether participation reflects different community groups	Age, geography and segment representation
Diversity of engagement methods used	Whether multiple participation approaches were offered	Online, face-to-face, workshops, pop-ups
Quality and usefulness of feedback	Whether engagement generated meaningful insight	Depth and relevance of feedback
Community understanding of outcomes	Whether participants understand decisions and next steps	"What you said / What we're doing" reporting

Key Principle

Efforts relating to projects and engagements should concentrate on the inclusiveness, relevance, and quality of participation, not just on the quantity of participation.

APPENDIX B

Community Planning and Engagement Requirements (WA Local Governments)

Appendix B

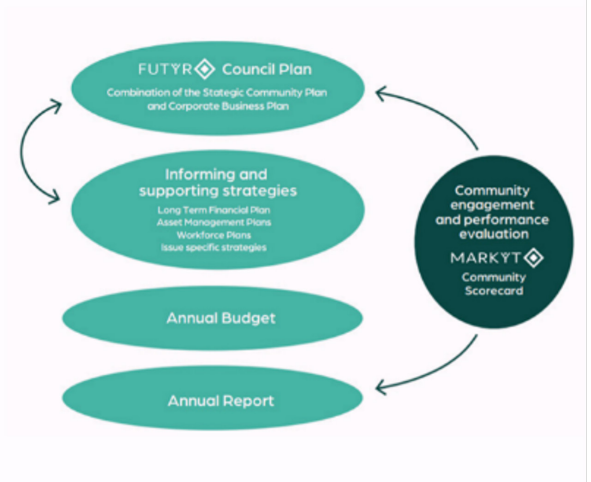

Community Planning and Engagement Requirements (WA Local Governments)

Western Australian local governments operate within an Integrated Planning and Reporting (IPR) framework that increasingly emphasises ongoing community engagement, transparency, and community-informed decision-making. Recent and emerging reforms reinforce the expectation that local governments use a broader range of engagement approaches and maintain stronger alignment between community engagement, long-term planning and service delivery.

The Shire's communication and engagement approach should support these evolving expectations by encouraging more inclusive, accessible and representative engagement practices across planning, projects and community decision-making.

Strategic Community Planning & Review Cycles

REQUIREMENT	CURRENT EXPECTATION
Council Plan (10+ years)	Long-term community vision, aspirations and priorities informed through community engagement. Combination of the Strategic Community Plan and Corporate Business Plan.
Strategic Community Plan Components	Major review every 4 years with community, elected member, staff and key stakeholder consultation.
Corporate Business Plan & Annual Budget Components	Reviewed annually and aligned to Strategic Community Plan priorities.
Community Input	Community engagement activities included in the major review process every 4 years.

Appendix B

Community Planning and Engagement Requirements (WA Local Governments)

Community Engagement Expectations

Recent reforms and guidance place increasing emphasis on -

- Broader and more representative community participation.
- Use of multiple engagement methods beyond traditional surveys to combat survey fatigue.
- Accessible and inclusive engagement approaches.
- Transparency and reporting back to the community.
- Stronger integration between engagement and decision-making processes.

The State Government has also proposed -

- Mandatory community engagement charters.
- More consistent community satisfaction measurement.
- Stronger connections between engagement and council planning processes.

Types of Engagement Expected

Guidance from the state and various best-practice frameworks advise local governments to adopt a variety of engagement methods which are appropriate for the community context, the needs of the audience, and the complexity of the project. Such methods can include -

- Surveys and online feedback tools.
- Workshops and facilitated discussions.
- Community forums and drop-in sessions.
- Pop-up and event-based engagement.
- Targeted stakeholder engagement.
- Digital engagement platforms and online participation tools.

The use of varied and audience-appropriate engagement methods is particularly important in geographically dispersed regional districts such as Esperance.

APPENDIX C

Risk & Mitigation Table

Appendix C
Risk & Mitigation Table

The following risks have been identified as potential barriers to effective communication and engagement delivery across the organisation. The mitigation approaches are intended to support more consistent, practical and community-centred communication and engagement practices over time.

RISK	POTENTIAL IMPACT	MITIGATION APPROACH
Inconsistent communication across teams or channels	Community confusion, duplication or reduced trust	Shared communication standards. Improved coordination and governance support.
Low participation in engagement activities	Limited representation and reduced community input	Audience-led engagement approaches and broader mix of participation methods to combat survey fatigue.
Over-reliance on digital communication channels	Exclusion of less digitally connected audiences	Maintain balanced mix of digital, print, face-to-face and community-based communication.
Engagement fatigue within the community	Reduced participation and declining trust	Improved reporting back. More targeted engagement, clearer purpose.
Limited organisational capacity or resources	Delays or inconsistent delivery	EMT support and prioritisation. Scalable approaches and stronger planning processes.
Difficulty reaching Rural Shire communities	Reduced accessibility and representation	Mobile engagement approaches and stronger use of local community networks.
Poorly communicated project impacts or decisions	Community frustration, reputational risk, loss of trust	Earlier communication planning and clearer, more transparent project communication.
Rapidly changing community expectations and digital behaviour	Reduced communication effectiveness over time	Ongoing review, measurement and continuous improvement.
